National Responses to Covid-19 in Southeast Asia

Brunei

Brunei has successfully contained the spread of Covid-19 for several months and has begun opening travel corridors with other countries in Southeast Asia. Schools and places of worship have been open since July, while businesses and restaurants have reopened gradually. Brunei's success can be attributed to its quick and drastic restrictions on travel, extensive testing, and strict quarantine rules. The small country may also have benefitted from only sharing borders with Malaysia, which until its recent regional elections had contained the virus reasonably well.

December

- Brunei's government announced on December 2 that the country's annual December Festival will go ahead this year but will be [scaled down](#) to accommodate social distancing measures.
- On December 9, Malaysia's Sabah state [announced](#) plans to reopen its border with Brunei.
- On December 15, the Sabah government [announced](#) that Sabahans in Brunei could return to Sabah if they receive a Covid-19 rapid test or screening beforehand, instead of needing to quarantine.

October

- The Monetary Authority of Brunei and the Bank Association of Brunei [announced](#) the extension of a waiver for online bank transfer fees and charges until March 31, 2021 because of the ongoing economic burden caused by Covid-19.
- On October 3, Brunei began [charging](#) land border travelers for entry and exit into the country.
- The government reminded the public on October 20 to [adhere](#) to health guidelines to curb the spread of Covid-19 when attending mosques and religious halls during Maulidur Rasul, celebrating the birth of the prophet Muhammad, on October 29.

September

- Brunei and Singapore established a "green lane" on September 1 for essential business and official travel between the two countries.

- Brunei on September 4 announced that foreigners would be allowed to enter the country for essential travel from September 15. It also reduced the isolation period for travelers from low-risk countries.
- Brunei [announced](#) it was increasing the limit for social and public gatherings from 200 to 350 people beginning September 7.

August

- Brunei [resumed](#) direct flights with Hangzhou, China, on August 4, its first direct flights with the Chinese mainland after the Covid-19 pandemic cut air connection between the two countries.
- As of August 17, the government is allowing mass gatherings of up to 200 people. Restrictions on public facilities, mosques, and schools have also been [eased](#).

July

- In-person classes for secondary students resumed on July 4.
- Phase 3 of the government's reopening plan started on July 6 with the reopening of additional public spaces. Public gatherings remained restricted to 50 people.
- Brunei began allowing gatherings of up to 100 people on July 27. Mosques and restaurants can now operate at full capacity.

June

- Schools partially [reopened](#) on June 2, and childcare and special needs centers resumed operations on June 8.
- Phase 2 of the Covid-19 de-escalation plan commenced on June 15. Many public spaces and business reopened, and restaurants were allowed to operate at 60 percent capacity.

May

- On May 14, Brunei launched a new contact-tracing app, BruHealth. Businesses and members of the public are required to download the app in an effort to track potential virus carriers. Roughly 88 percent of the country's population had registered with the app as of June 29.
- Phase 1 of the government's plan to ease Covid-19 measures started in certain areas on May 16, beginning with social distancing and the reopening of businesses like sports facilities and markets.

April

- Brunei on April 30 issued iMSafe [tracking bracelets](#) to all Covid-19 patients under home quarantine and those already recovered.

March

- On March 16, citizens, foreign residents, and green card holders in the country were barred from leaving without permission from the Prime Minister's office.
- Brunei banned all foreign visitors on March 24.

Economic Response

April

- On April 1, the Ministry of Finance and Economy [announced](#) additional steps to aid SMEs and individuals affected by the pandemic, amounting to about \$1.7 million in the form of deferment of principal or loan repayment and exemptions from fees and charges.
- On April 13, Brunei [announced](#) a special \$400 monthly allowance for health care workers, including doctors, nurses, volunteers, hospital cleaners, and security guards.

March

- On March 19, the Brunei Darussalam Monetary Authority [announced](#) measures to alleviate the financial burden on sectors hit hard by the pandemic, including a six-month deferment of principal repayments of financing and loans for tourism, hospitality, food, air transport, and medical supplies industries.

Economic Projections

- On October 14, the IMF lowered Brunei's GDP growth projections for 2020 to 0.1 percent, down from 3.9 percent growth in 2019.
- The Asian Development Bank (ADB) [projects](#) 2020 GDP growth to be 1.4 percent but predicts that the economy will rebound in 2021 with 3 percent growth.
- Brunei's economy [grew](#) 2.8 percent year-on-year in the second quarter, according to data released by the Centre for Strategic and Policy Studies (CSPS) in October.
- The CSPS report also indicated that the unemployment rate [declined](#) to 7.9 percent in September, after peaking at a record high of 14.7 percent in April.
- The ADB projects 2020 inflation to be 1.4 percent and predicts that the 2021 rate will be 1 percent.

Cambodia

Cambodia has reported few cases and zero deaths despite weak health infrastructure and an initially slow response. This has led to widespread speculation that infections have been undercounted. However, the government has proceeded with plans to reopen the economy, having already reopened places of worship, schools, and many businesses. Cambodia has also resumed flights with some Chinese cities and several other countries in Southeast Asia. However, an outbreak of cases in late November has raised fears regarding the threat of community transfer, leading to the reimposition of some restrictions.

Public Health Response

December

- Prime Minister Hun Sen on December 1 [announced](#) the distribution of 2 million face masks to the poor in Phnom Penh and Siem Reap province.
- Cambodia on December 2 [announced](#) it was conducting mass contact tracing related to a community transmission case detected on November 28.

- In September, a study conducted by the Future Forum and Angkor Research and Consulting [revealed](#) that the overall salaries of Cambodians had decreased 30 percent from January to April 2020.

Indonesia

Indonesia has once again reclaimed the top spot from the Philippines for the most official coronavirus cases in Southeast Asia. While the Indonesian central government has continued to ease restrictions despite rapidly increasing case numbers and deaths, local leaders have begun to reimpose lockdowns, most notably in Jakarta. Doctors have warned that recent protests against the new omnibus bill on job creation could create new coronavirus hotspots. The country seems to be giving up on flattening the curve in favor of reopening the economy; however, official government and international sources have confirmed that the economy is continuing to contract, regardless. President Joko “Jokowi” Widodo has announced that all Covid-19 vaccines will be free for Indonesians.

Public Health Response

- Since March, 78.5 percent of the total registered workers in the tourism industry have been [furloughed or laid off](#).

Laos

Laos, the most rural country in Southeast Asia, was also the last to report its first Covid-19 infection. Despite the country's almost non-existent health care system, it has avoided a major outbreak. Geography and demographics may be important factors here: Laos is relatively sparsely populated and surrounded by neighbors which have managed to contain the virus relatively well. In an effort to boost its economy, Laos has already resumed travel to several countries in Southeast Asia and encouraged domestic tourism.

Public Health Response

December

- Laos released an update of its Covid-19 prevention measures on December 2, noting that international charter flights from countries that are experiencing an outbreak would be [suspended](#).
- Laos on December 4 placed Ton Pheung district under [lockdown](#) following the detection of two imported cases.

- On September 3, the country's foreign exchange reserves reportedly [fell](#) below \$1 billion.

Malaysia

Malaysia's initial response to the outbreak was nonchalant and complicated by an abrupt change in government. In mid-March, the government imposed nationwide restrictions on public movement, which were gradually relaxed as the virus was brought under control. But unrestricted campaigning in the recent Sabah state election caused Malaysia's largest spike in coronavirus cases to date, which the government has yet to effectively control. Prime Minister Muhyiddin Yassin overcame a critical leadership test in December when lawmakers approved his 2021 budget. He had previously failed to secure royal permission for a state of emergency that would have allowed him to pass the budget without parliamentary approval.

Public Health Responses

December

- On December 7, the government [removed](#) the limit on the number of people allowed to share the same table in restaurants, allowed businesses serving food and beverages to extend their hours, and began permitting social gatherings like reunions and weddings.
- Malaysia began [allowing](#) movement across states and districts nationwide on December 7 without the need for a police permit, except in areas under an Enhanced Movement Control Order.
- The Conditional Movement Control Order [ended](#) on December 6 for most states, but was extended until December 20 for Kuala Lumpur, Sabah, most of Selangor, and some parts of Johor, Negeri Sembilan, Kelantan, and Perak.
- The Health Ministry on December 13 [announced](#) that the quarantine period for overseas travellers would be shortened from 14 days to 10.

September

- Malaysia [barred](#) long-term pass holders who are citizens of India, Indonesia, and the Philippines from entering the country effective September 7.
- On September 10, Malaysia [reversed](#) its decision on September 7 to [bar](#) entry for citizens from 28 countries with more than 150,000 coronavirus cases after heavy criticism from the business community.
- Muhyiddin announced on September 16 that border controls would be [tightened](#) and that the government would step up enforcement against illegal immigration.

- Sarawak deputy chief minister Douglas Uggah on September 19 [announced](#) that all visitors entering the state from neighboring Sabah would be required to take a Covid-19 PCR test prior to departure.
- Malaysia on September 19 [announced](#) it was planning to join the COVAX vaccine plan.
- Senior Minister Ismail on September 22 [announced](#) that voters who have tested positive for Covid-19 would be barred from voting in the Sabah state elections.
- Malaysia on September 28 [announced](#) it would implement movement restrictions in four districts in Sabah after a spike in Covid-19 cases
- Sarawak on September 30 [announced](#) it would tighten entry restrictions into the state from areas with large numbers of Covid-19 cases.

August

- The wearing of face masks is [compulsory](#) in crowded public areas and on public transport, not in areas where physical distancing is possible, said Senior Minister Ismail on August 3.
- The uptick in cases reported at the end of July turned into a small surge, with Malaysia [confirming](#) double digits of new cases on August 5. The government is quarantining all those infected.
- Prime Minister Muhyiddin [launched](#) a new pandemic public awareness campaign on August 7.
- Malaysia and Singapore on August 17 [reopened](#) their border for the first time in five months to long-term pass holders, essential business, and official travelers.
- Muhyiddin said on August 28 that the Recovery Movement Control Order, originally set to expire at the end of the month, would be [extended](#) to December 31.

July

- Muhyiddin on July 13 reversed a plan to send detained Rohingya refugees back to sea after international outcry. He declared that Malaysia would “look for an appropriate solution for their situation” and called on Vietnam, as this year’s ASEAN chair, “to play a bigger role in addressing the Rohingya refugee crisis.”
- Schools reopened on July 22 for pupils from years one through four.
- On July 23, Senior Minister Ismail [ordered](#) mandatory mask-wearing in crowded areas and on public transportation, effective August 1.

- Ismail [announced](#) on July 21 that all individuals returning to Malaysia from overseas will conduct their mandatory quarantine at hotels or quarantine centers beginning July 24.
- Several new local transmissions of the coronavirus [appeared](#) at the end of July, ending a streak of nearly a month without such cases.

June

- Muhyiddin announced that the Conditional Movement Control Order would [end](#) on June 9 and the country would remain under a more relaxed Recovery Movement Control Order until August 31.
- Malaysia on June 19 reopened its borders to select groups of foreigners, including medical tourists and international students.
- Ismail announced on June 24 that Malaysians would be permitted to host and attend social gatherings beginning July 1.
- Restaurants and eateries resumed full operations on June 30

May

- On May 4, Malaysia [implemented](#) a Conditional Movement Control Order, which relaxed regulations in the original Movement Control Order. This allowed private tertiary institutions (but not entertainment businesses, hospitality venues, schools, or religious gatherings) to operate under strict conditions.
- All university-level lectures are to be held online with no face-to-face contact allowed until the end of 2020.

April

- On April 16, Malaysia [denied](#) entry to a boat carrying 200 Rohingya refugees, saying it feared they might spread the virus. [Human Rights Watch](#) called on Malaysia to better fulfill its human rights obligations while adopting public health measures.

March

- Prime Minister Muhyiddin enacted a Movement Control Order on March 18. The government mobilized the Malaysian Armed Forces to enforce the order, including through the use of drones, resulting in the [arrest](#) of hundreds of violators.

March

- Muhyiddin unveiled the country's second stimulus package, estimated at \$53 billion, on March 26. It included \$23.1 billion for businesses and \$2.3 billion in direct cash payments for 4 million low-income households. The combined value of the first two packages equaled 15.5 percent of Malaysia's GDP and 84.2 percent of the federal government's original 2020 budget.

February

- Interim prime minister Mahathir Mohamad launched Malaysia's first stimulus package, worth \$4.6 billion, on Feb 27 to cushion the blow of Covid-19 for the tourism sector and other industries. This included nationwide electricity discounts of 2 percent for industrial, commercial, and domestic users, as well as a monetary assistance scheme for employees.

Economic Projections

- On October 14 , the IMF [lowered](#) Malaysia's GDP growth projections for 2020 to -6.0 percent, down from 4.3 percent in 2019.
- The ADB [projects](#) 2020 GDP to contract 5 percent but predicts that the economy will rebound in 2021 with 6.5 percent growth.

- Fitch [downgraded](#) Malaysia's credit rating from A- to BBB on December 4. Fitch had last affirmed the A- rating in April while [revising](#) the country's outlook to negative.

Myanmar

Myanmar had maintained some of the region's lowest case counts until August. But the case count accelerated steeply over the past several months largely due to an outbreak in Rakhine state and continued through the November 8 general elections. The country's underdeveloped health care system has impeded Myanmar's ability to cope as new case counts have stayed above 1,000 per day. The government's distribution of cash assistance has also come under criticism over allegations that most assistance has gone to well-connected business owners.

- The World Bank [reports](#) that headline inflation was 4.2 percent in May 2020.

The Philippines

Against the backdrop of an inconsistent government response, the Philippines is second only to Indonesia for the most officially reported cases in Southeast Asia. Since the government lifted most restrictions in June, a new surge in cases has overwhelmed the public health system and further damaged the economy. Quarantines have been reintroduced throughout the country and testing has steadily increased, but the government has yet to bring the virus under control. Protests against job losses and food shortages have cropped up across the country even as the government cracks down on dissent. Finance Secretary Carlos Dominguez has signaled that the

government will wait for a vaccine to spur an economic turnaround rather than borrow more funds to aid recovery efforts.

Public Health Response

Singapore

Singapore initially managed to contain the virus through widespread testing, comprehensive contact tracing, and mandatory, well-enforced quarantines. But then the city-state suffered a sharp increase of cases linked to foreign workers' dormitories. It has since flattened the curve with the help of an innovative and lauded contact tracing mobile app and token system called TraceTogether, although migrant workers continue to disproportionately suffer from infections. Gathering restrictions have been loosened cautiously as Singapore has prepared for Phase 3 of its reopening at the end of the year. Meanwhile, the government has actively pursued "green lane" and travel corridor reopenings with its neighbors for essential and business travel, although a recent global spike in cases has delayed implementation.

Thailand

Thailand had done relatively well in combating the coronavirus crisis with a quick lockdown, an effective test-and-trace rollout, and an already strong healthcare system. But after more than 100 days without local transmission, Thailand reported a new case on September 3. Additionally, Thailand is projected to suffer the worst economic consequences in the region due to its overwhelming dependence on tourism and exports. This has contributed to pro-democracy protests in Bangkok, which have flouted an emergency order by Prime Minister Prayuth Chan-ocha banning free assembly. The government has cracked down on protests, citing the increased risk of spreading Covid-19. But the government appears to be more concerned with halting the spread of the protest movement than with public health.

- The World Bank [predicts](#) GDP growth to decline by 6.8 percent in 2020.

Vietnam

Despite limited resources and a bustling border with China, Vietnam initially managed to effectively contain the pandemic. Life had returned to normal for most Vietnamese until a second wave spread from the city of Danang. Vietnam recorded its first handful of deaths at the end of July, but Hanoi's response was swift, getting the virus back under control by early September. Vietnam's economy has been surprisingly resilient; it is the only Southeast Asian nation still projected to have positive economic growth this year.

Public Health Response

The services sector has been most heavily impacted, with 72 percent of workers affected.
- In late May, S&P maintained Vietnam's credit rating at BB, with a [stable](#) outlook.

ASEAN Response to Covid-19

While ASEAN has convened a series of meetings on how to deal with the pandemic, including with external partners such as the United States, China, and the European Union, there has been little collective action. Diplomatically, the crisis has threatened ASEAN’s centrality in regional affairs, with the crisis causing the cancellation of several key ASEAN meetings, including the ASEAN-U.S. summit scheduled for March 14 in Las Vegas and the 36th ASEAN Summit scheduled for April 6-9 in Vietnam. The latter was held as a [virtual summit](#) on June 26 where

leaders agreed to establish an ASEAN Covid-19 fund and a regional reserve of medical supplies and coordinated disease response mechanisms.

- Singapore's prime minister Lee Hsien Loong announced at the ASEAN Summit on November 12 that his country will contribute \$100,000 to the Covid-19 ASEAN Response Fund.
- Vietnam donated \$5 million worth of health equipment to ASEAN's regional reserves and contributed \$100,000 to ASEAN's Covid-19 Response Fund on November 12.
- ASEAN pledged to step up cooperation with the European Union and India following the ASEAN-EU and ASEAN-India Ministerial Meetings on September 12, where both sides agreed to support capacity building and response to the Covid-19 pandemic and promote recovery.
- Secretary of State Mike Pompeo announced on September 10 that the U.S. Centers for Disease Control will open a regional office in Hanoi to increase its public health engagement in Southeast Asia.
- During the September 10 ASEAN-US Foreign Ministers' Meeting, the United States introduced cooperation and support programs for ASEAN member states that focused on four main fields: strengthening public health systems for the future, building connectivity through human capital development, advancing partnerships in economic cooperation, and promoting maritime cooperation for a secure Indo-Pacific.
- During the ASEAN-China Ministerial meeting on September 9, ministers of member countries called for increased cooperation with China in supporting ASEAN's Covid-19 response as well as in areas in economic development, cybersecurity, maritime issues, and disaster relief.
- The ASEAN Foreign Minister's Meeting kicked off on September 9 with a draft communique acknowledging widespread supply chain disruptions, job losses, and demand shocks.
- At the ASEAN Economic Minister's Meeting in late August, ASEAN member countries pledged to collaborate and support external partners' Covid-19 vaccine development by sharing key clinical data and reports.
- The ASEAN Inter-Parliamentary Assembly Caucus met on August 14 with the aim of deepening coordination on Covid-19 response.
- ASEAN on July 29 convened a meeting between ASEAN and Australian health experts to discuss best practices on the public health response to Covid-19.

- Southeast Asian leaders virtually [attended](#) the 36th ASEAN Summit on June 26, where they addressed “land reclamations, recent developments and serious incidents” in the South China Sea, the Rohingya crisis, and the impact of the Covid-19 pandemic on the region. As part of the post-pandemic recovery plan, ASEAN will establish a [Covid-19 response fund](#) for medical supplies and aid. Thailand has already pledged \$100,000 and ASEAN partners China, Japan, and South Korea are expected to contribute.
- The [29th Regional Comprehensive Economic Partnership \(RCEP\) Trade Negotiating Committee Meeting](#) was held April 20 to 24. Representatives from the 17 parties to the agreement reaffirmed their commitment to sign it into law in 2020. They also voiced interest in engaging with India to bring it back into the fold and reiterated the importance of RCEP in jumpstarting the global economy in response to Covid-19.
- ASEAN foreign ministers [participated](#) in an ASEAN-U.S. special foreign ministers’ meeting with Secretary of State Mike Pompeo and ASEAN Secretary General Lim Jock Hoi on April 23. In addition to discussing coordination on Covid-19, Pompeo raised Washington’s concerns about China’s damming of the Mekong River and its continued assertiveness in the South China Sea despite the ongoing pandemic.
- On February 20, the foreign ministers of ASEAN and China [met](#) in Vientiane, Laos, to discuss ways to tackle the public health and economic implications of the global pandemic. The 10 ASEAN countries and China agreed to step up cooperation in sharing medical and health information and best practices to enhance emergency preparedness and response, with the communiqué praising China’s response to the pandemic.

International Assistance to Southeast Asia

China’s “Mask Diplomacy”

With Covid-19 largely contained domestically, the Chinese government has pivoted to providing assistance abroad. Southeast Asia is a particular focus. Unlike in Europe, where China’s so-called “mask diplomacy” has generated criticism due to some [faulty equipment](#) and [skepticism](#) about Beijing’s [geopolitical intentions](#), Southeast Asian governments have welcomed China’s emergency medical assistance. Chinese aid generally consists of surgical masks, test kits, and other equipment, as well as dispatching medical experts. Equipment is typically handed over with great fanfare. In addition to the Chinese government, foundations linked to billionaire Jack Ma and state-owned enterprises have made large donations of medical supplies to Southeast Asian countries.

Chinese assistance has included:

- *ASEAN*: On April 21, China donated 75,000 surgical masks, 300 bottles of hand sanitizer, and 35 infrared thermometers to the [ASEAN Secretariat in Jakarta](#).
- *Malaysia*: The Chinese Embassy in Malaysia delivered a batch of medical supplies to [Sungai Buloh Hospital on March 19](#). The Chinese government and other entities sent

three more relief packages in March. Foreign Minister Hishammuddin Hussein received the largest shipment of medical supplies from China on March 28. On May 15, Senior Minister Ismail Sabri Yaakob [expressed](#) his appreciation for China's support in fighting the pandemic to his Chinese counterpart, Minister of National Defence General Wei Fenghe.

- *Philippines:* China's first shipment of medical donations to the Philippines [arrived](#) on March 21. China sent a team of medical experts and a second batch of donations on April 5, followed by another one on April 27. On May 10, China sent another [shipment](#) of supplies, including 100 ventilators, 150,000 test kits, 70,000 protective suits, 70,000 N95 masks, 1.3 surgical masks, and 70,000 goggles. China's Ministry of National Defence [contributed](#) another batch of supplies, including more than 80,000 surgical masks, goggles, and suits on May 13. China on June 9 provided [7,200 bags of rice](#) to officials in Cebu to commemorate the 45th anniversary of Philippines-China relations. The Chinese Embassy in Manila on June 15 announced that it was donating over [3,000](#) tons of rice to families impacted by Covid-19. China on August 13 [donated](#) 130 ventilators to the Philippines.
- *Thailand:* China [sent](#) medical supplies worth \$9 million. Deputy Defense Minister Chaichan Changmongkol received them in a public ceremony on May 12. This followed a shipment [received](#) in April during the Songkran Festival. The Chinese Embassy in Bangkok, in partnership with the state-owned Industrial and Commercial Bank of China (ICBC), has donated 120,000 masks. An additional batch of supplies with 1.3 million masks, 70,000 N95 masks, 150,000 test kits, and 70,000 suits of personal protective equipment (PPE) [arrived on June 29](#).
- *Indonesia:* On March 20, Indonesia [sent](#) a military aircraft to Shanghai to pick up 9 tons of medical supplies. A consortium of Chinese institutions and ministries [sent](#) 40 tons of Covid-19 test kits and other medical supplies to Indonesia one week later. On April 4, President Xi Jinping committed to helping Indonesia fight the outbreak during a phone call with President Joko "Jokowi" Widodo, reportedly [saying](#), "We believe that with your perseverance, Indonesia will be able to defeat this pandemic." Indonesia's Covid-19 task force [obtained](#) RNA isolation kits, polymerase chain reaction (PCR) test kits, and a viral transport medium kit from China on April 26. The Sichuan NGO Network for International Exchanges on May 14 donated over [10,000 masks](#) to the Indonesian Chinese Entrepreneur Association. On June 5, the Chinese government [donated](#) an additional 100,000 test kits, 70,000 sets of PPE, 70,000 protective masks, and 1.3 million surgical masks.
- *Laos:* From April 10-11, a team of Chinese medical experts [shared](#) anti-epidemic experiences and held training courses throughout Laos. The team provided 10,000 PCR kits, 10,000 KN95 masks, and 30,000 masks. The city of Kunming on August 14 [provided](#) medical supplies and equipment to Vientiane and Luang Prabang, including two ambulances.

- *Cambodia*: On March 18, China [sent](#) medical supplies including detection kits, ventilators, PPE, and masks to Cambodia. On March 23, a Chinese medical team from Guangxi province delivered medical supplies including ventilators, medical masks, and test kits to Phnom Penh. China [shared another shipment](#) of “urgently needed” Covid-19 supplies, including testing kits and protective gowns, on April 26 at Cambodia’s request. Cambodia received [another donation](#) of unspecified medical supplies on June 4. UNICEF on October 21 [announced](#) a collaboration with China’s Ministry of Commerce to provide hygiene supplies and education materials to more than 3,000 Cambodian preschools.
- *Myanmar*: On April 8, a 12-person Chinese medical team from Yunnan province [arrived](#) in Yangon for a 14-day visit, followed by another visit on April 24. On April 22, China [provided](#) 20 ventilators reportedly worth \$400,000 and [followed](#) that up with another 15 machines on April 30. China sent medical experts from the People’s Liberation Army on April 24 to train Myanmar army [medical workers](#) on Covid-19 infection control. China on May 13 delivered [150,000 test kits](#) and 18,000 sets of PPE to the Myanmar Health and Sports Ministry. Chinese ambassador Chen Hai on June 9 announced the donation of masks, goggles, and other PPE in [commemoration of the 70th anniversary](#) of diplomatic ties between China and Myanmar. China in December [provided](#) a Covid-19 testing facility to the United Wa State Army.
- *Brunei*: On April 23, China [provided](#) Brunei with medical supplies, including 100,000 N95 respirators and 1,000 surgical gowns. The Chinese Embassy in Brunei also donated about \$42,000 to Brunei’s Covid-19 Relief Fund. On May 14, Brunei [received](#) masks, goggles, protective clothing, suits, and more. China on August 11 [provided](#) Brunei with 35,000 face masks and 5,000 units of hand sanitizer. As of August 11, [over](#) \$1.3 million in aid has been given to Brunei from more than 12 Chinese companies and China-Brunei joint ventures.
- *Singapore*: On May 5, Singapore [received](#) a total of 620,000 face masks from the Chinese government and the Red Cross Society of China.

Non-government Chinese aid has included:

- Chinese non-government entities have also been active, most notably the Alibaba and Jack Ma foundations. On March 19, the two foundations announced they would send 2,000,000 masks, 150,000 test kits, 20,000 sets of PPE, and 20,000 face shields to Indonesia, Malaysia, the Philippines, Myanmar, and Thailand. On April 9, the Industrial and Commercial Bank of China [donated](#) medical equipment worth \$117,500, including 150,000 face masks to Laos. On May 14, Jack Ma and the Manny Pacquiao Foundation [donated](#) over 50,000 test and extraction kits to the Philippines. As of May 19, Chinese enterprises in the Philippines have donated 2.65 million masks and 250,000 protective suits, along with gloves and goggles. Secretary Teodoro Locsin said, “[China] is a model for what the rest of the world should be doing. Instead of blaming each other for what’s happening, we should all start working together to help each other.”

- On June 19, the China Soong Ching Ling Foundation partnered with the United Nations Development Programme (UNDP) to donate 500,000 surgical masks valued at \$183,000 to frontline workers in Indonesia.

Assistance from the United States

The United States has committed \$1 billion to support the global response to the pandemic since March 2020. As of [September 9](#), more than \$87 million of that funding had been earmarked for countries in Southeast Asia. Secretary of State Mike Pompeo made clear in March that urgent domestic needs in the United States mean this assistance will not include shipments of critical medical supplies such as protective gear, in contrast to China’s recent “mask diplomacy.” Instead, the funding will be used to train medical workers, boost screening capabilities, and bolster national health systems. When making these new pledges, the State Department has emphasized past U.S. leadership on global health, citing approximately \$3.5 billion in international assistance provided over the past two decades.

Pledges have included:

- *Philippines*: The U.S. government has [allocated](#) more than \$19.1 million for Covid-19 aid. This includes \$5 million in Economic Support Fund (ESF) assistance to provide grants and skills training to heavily affected communities, \$6.5 million in health assistance, \$6.8 million in International Disaster Assistance (IDA), and \$875,000 in Migration and Refugee Assistance (MRA). During an April 19 phone call, Presidents Donald Trump and Rodrigo Duterte [discussed](#) cooperation between the United States and the Philippines to combat the pandemic. The United States Agency for International Development (USAID) on June 18 [provided](#) an additional \$2.5 million for educational services during the pandemic. The United States on August 28 [donated](#) 100 ventilators to the Philippines. USAID on September 28 [extended](#) \$213 million in funding to the Philippines to boost economic development and growth.
- *Indonesia*: The U.S. government has pledged [\\$11 million](#) to Indonesia for Covid-19 aid, encompassing \$9 million in health funding, nearly \$1.5 million in MRA, and testing and visits by technical experts. One hundred ventilators [arrived](#) in Indonesia from the United States on July 22, followed by [500 more](#) at the end of August.
- *Thailand*: The U.S. government has pledged approximately [\\$7.2 million](#) for Covid-19 aid, consisting of \$6.5 million in health assistance and \$730,000 in MRA for the nine border camps housing Myanmar refugees in Thailand. On July 20, the U.S. government donated public health supplies including handwashing stations and personal protective equipment valued at \$14,500 USD (approximately 450,000 THB) to support Mae Fah Luang University’s effort to assist vulnerable migrant and ethnic communities in Chiang Rai.
- *Laos*: The U.S. government has pledged approximately \$4.4 million for Covid-19 aid, including testing and supplies, plus deliveries of protective equipment and visits by technical experts. In an apparent exception to the policy Secretary Pompeo announced in

March, Washington has provided a modest amount of PPE and medical equipment to Laos, including protective goggles, surgical gowns, face shields, biohazard bags, aprons, N95 masks, gloves, and hand sanitizer. On June 19, USAID announced plans to provide an [additional \\$2.5 million](#) to support the Covid-19 response in Laos. USAID on August 7 [donated](#) medical supplies to the Lao Ministry of Health worth \$170,000. On November 6, the U.S. Embassy in Laos [donated](#) \$75,000 worth of Covid-19 test kits and related supplies to the Lao government.

- *Cambodia*: The U.S. government has allocated over [\\$11 million in assistance](#) to Cambodia, encompassing risk communication, community engagement, and laboratory support in response to the pandemic.
- *Myanmar*: The U.S. government has pledged approximately [\\$18.5 million](#) in Covid-19 aid since February. About \$6.5 million has gone to health centers conducting contract tracing and fever testing. USAID has partnered with UNICEF to deliver nearly 30,000 N95 masks in conflict-affected parts of Kachin and Shan states. Over 60 percent of those were provided to non-governmental organizations.
- *Vietnam*: The U.S. government has pledged [\\$9.5 million](#) in Covid-19 aid. This includes \$5 million in ESF to support private-sector recovery and \$4.5 million in health assistance, covering testing and visits by technical experts. On September 30, the U.S. [donated](#) 100 ventilators, worth over \$1.7 million, and pledged grants worth \$9.5 million to support health services.
- *Malaysia*: The U.S. government has pledged [\\$1.2 million](#) in Covid-19 aid. This includes \$1 million for prevention and control of infections in health facilities, community engagement, contact-tracing systems, and risk communication, and \$200,000 in MRA for refugees and asylum seekers in Malaysia.
- *Timor-Leste*: The U.S. government has given [\\$1.6 million](#) in Covid-19 aid to Timor-Leste. This includes \$1.1 million to help the government prepare to test and trace cases, and \$500,000 for community engagement and sanitation in health clinics. On June 2, the U.S. Embassy in Timor-Leste also [donated](#) 15,000 reusable fabric masks to the Ministry of Education in order to help students return to school.

Non-government U.S. aid:
