

Outline of the presentation

- Policy Framework of HSDP-III
- Progress in health system strengthening
- Progress in Health Extension Program and HC expansion (Primary Health Care)
- Progress in sector wide health service indicators

Policy Framework of HSDP-III

- PASDEP: Plan for accelerated and sustainable devt.
- HSDP – health sector devt program forms the health section in PASDEP
- Achieving National and MDGs Targets

Summary of HSDP III Outcomes and Targets

Focus areas	Outcome	Targets	Vehicles	Bloodlines
Maternal Health	MMR 871 to 600	CPR > 60%	Health Posts: 15,000 Health Centers: 3200 HEW: 30,000 HO: 5000 GP	M&E / HMIS
Child Health	U5MR 123 to 85 IMR 77 to 45	Immunization > 85		Logistic system/HCSS
HIV/TB	To maintain the prevalence of HIV To reduce mortality attributed to TB from 7% to 4% of all treated cases	Reach every household ART 397,539		Finance system
Malaria	To reduce morbidity attributed to malaria from 22% to 10%	20 million ITNs		Harmonization

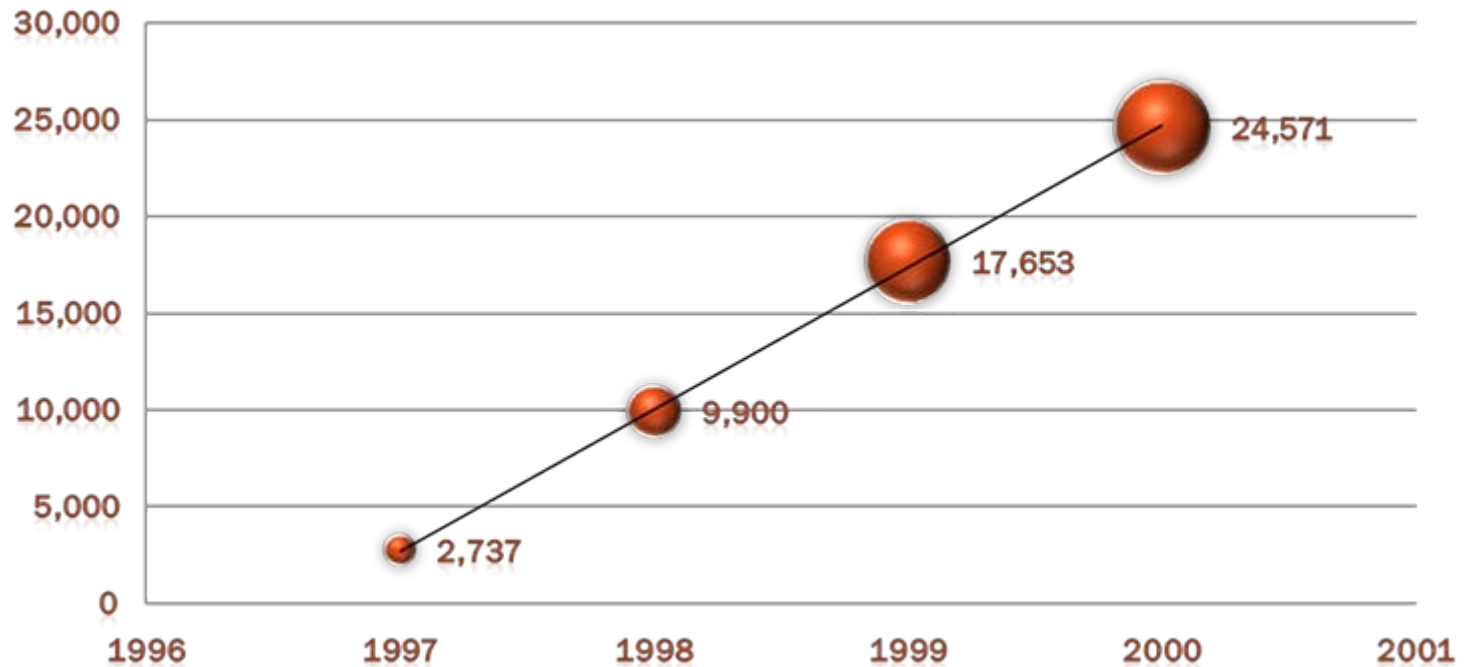

Health Sector Reform: Core Business Processes Identified

1. Health Care Delivery (Hlth Promotion, Disease Prevention & Curat)
2. Health Commodity Supply (RDF)
3. Research and Technology transfer (10 Vaccines local production)
4. Public Health Emergency management (P,EW, R,R)
5. Human Resource Development (flooding, task shifting and retention)
6. Resource Mobilization/ Health Insurance (Social Health Insurance)
7. Policy, planning, Monitoring and Evaluation (HMIS and IHP)
8. Health Care Regulation

Developing the 3 main arms of the health system

- Service Provider
- Service Purchaser
- Regulatory body

Trend in Number of HEWs Deployed

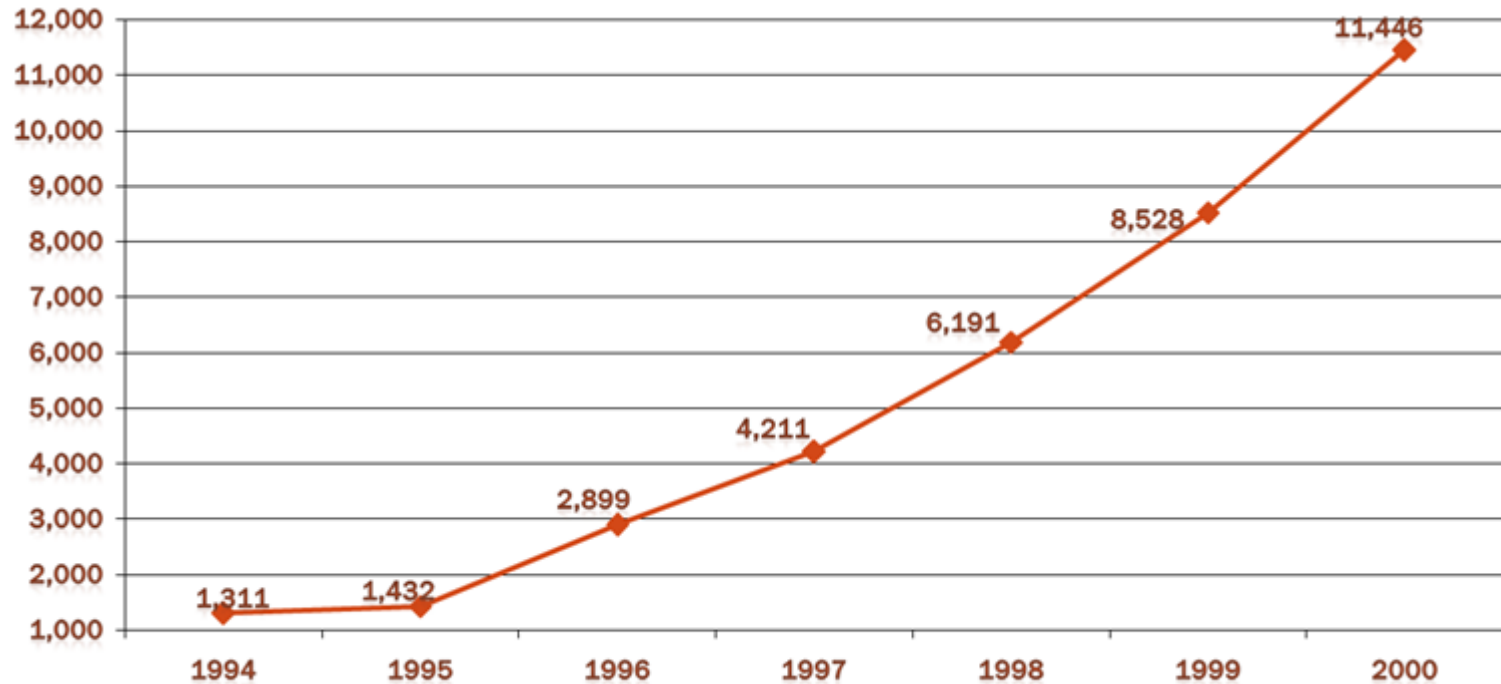

Number of Health Posts

2000 BASELINE	17,653
---------------	--------

2000 PERFORMANCE	24,571
------------------	--------

2000 TARGET	23,987
-------------	--------

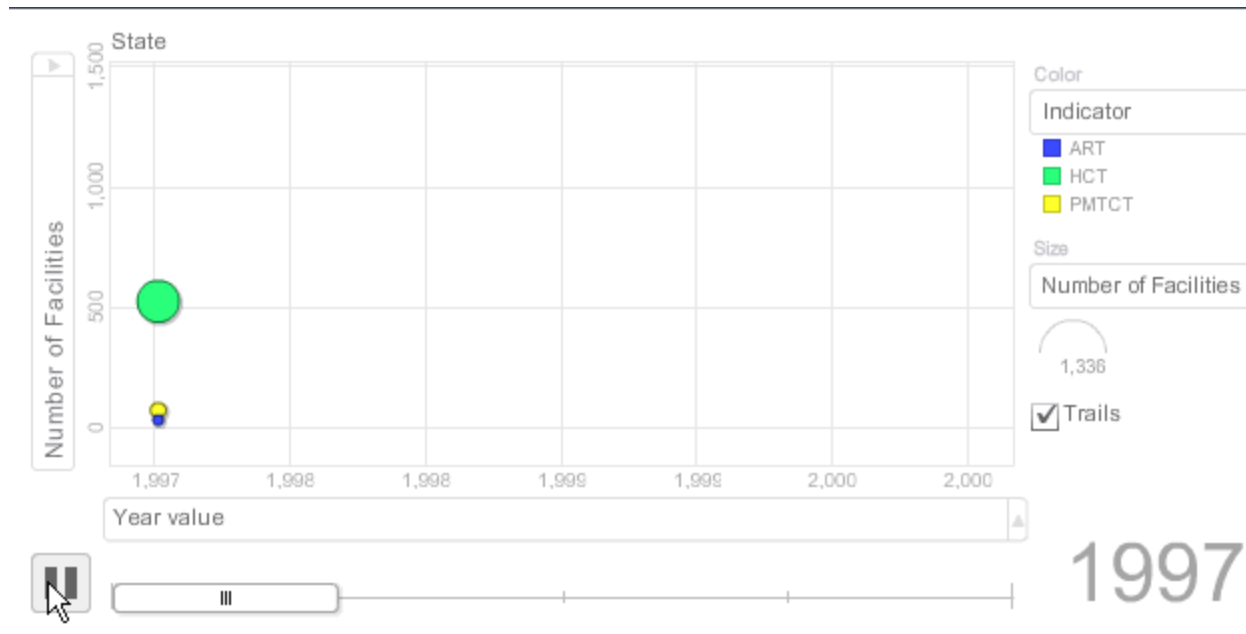

Trend in number of Health Posts Constructed

Number of Health Posts Constructed 3554 remains

2000 BASELINE	8,528
2000 PERFORMANCE	11,446
2000 TARGET (BELOW)	12,575

Trend in the Number of Facilities Providing HCT, PMTCT and ART Services

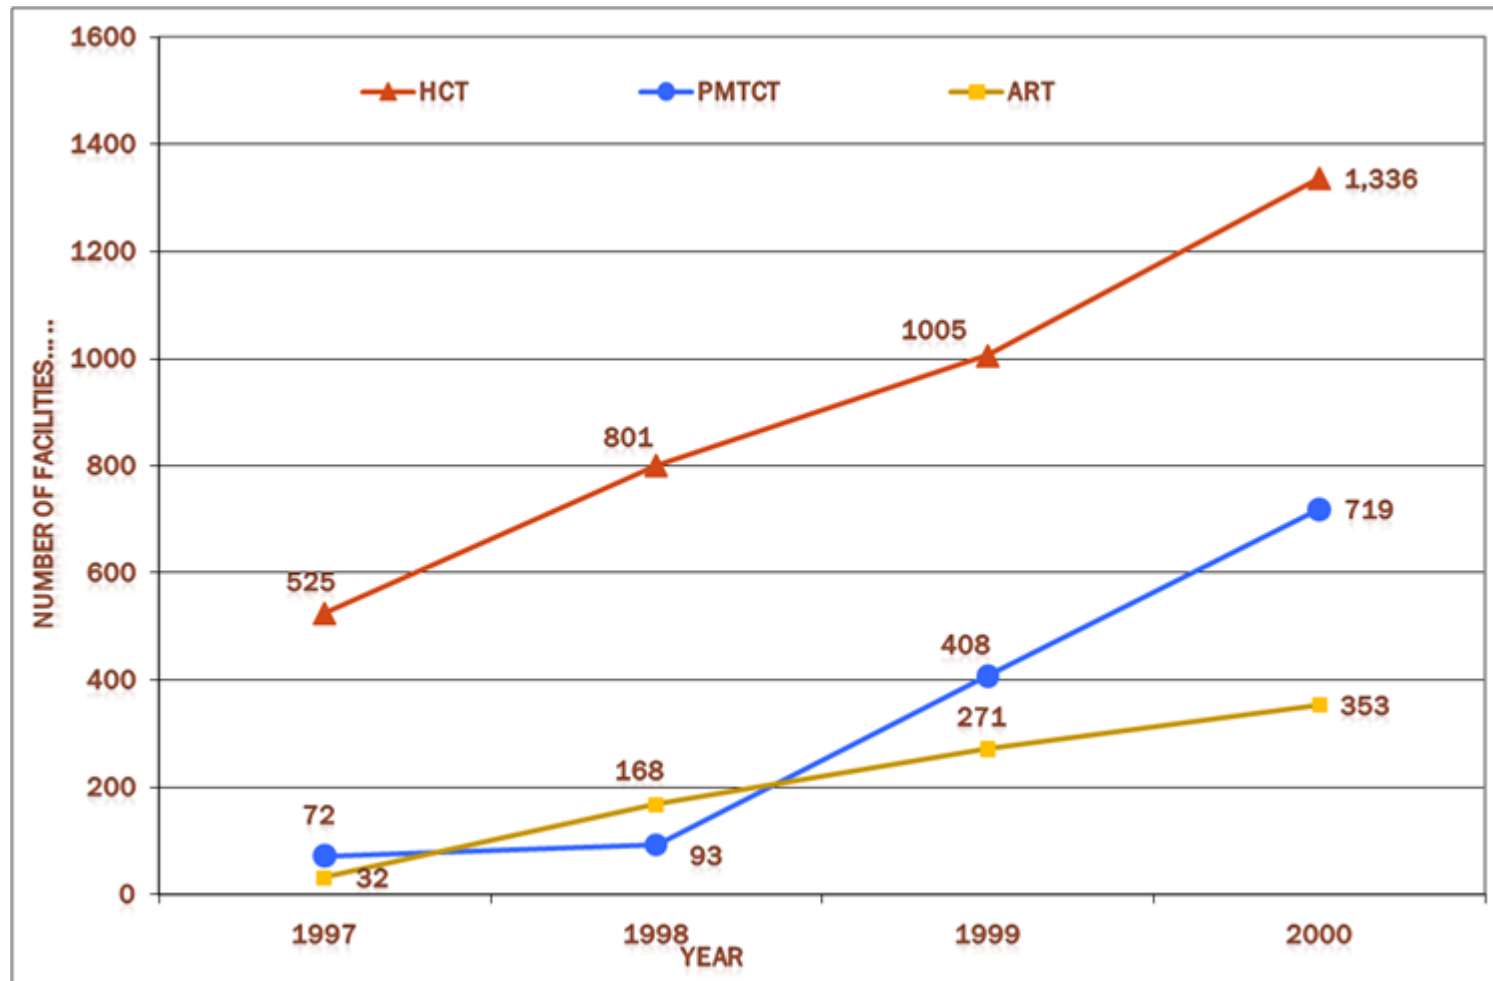

Number of Facilities Providing HCT, PMTCT and ART Services in 2000

Above Target 1,336

Below Target 719

ART Sites 353

Increasing Trend in the Number of Facilities Providing HCT, PMTCT and ART Services

Increasing Trend in the Number of Clients Using HCT

Number of clients Using HCT

1999	1,898,191
------	-----------

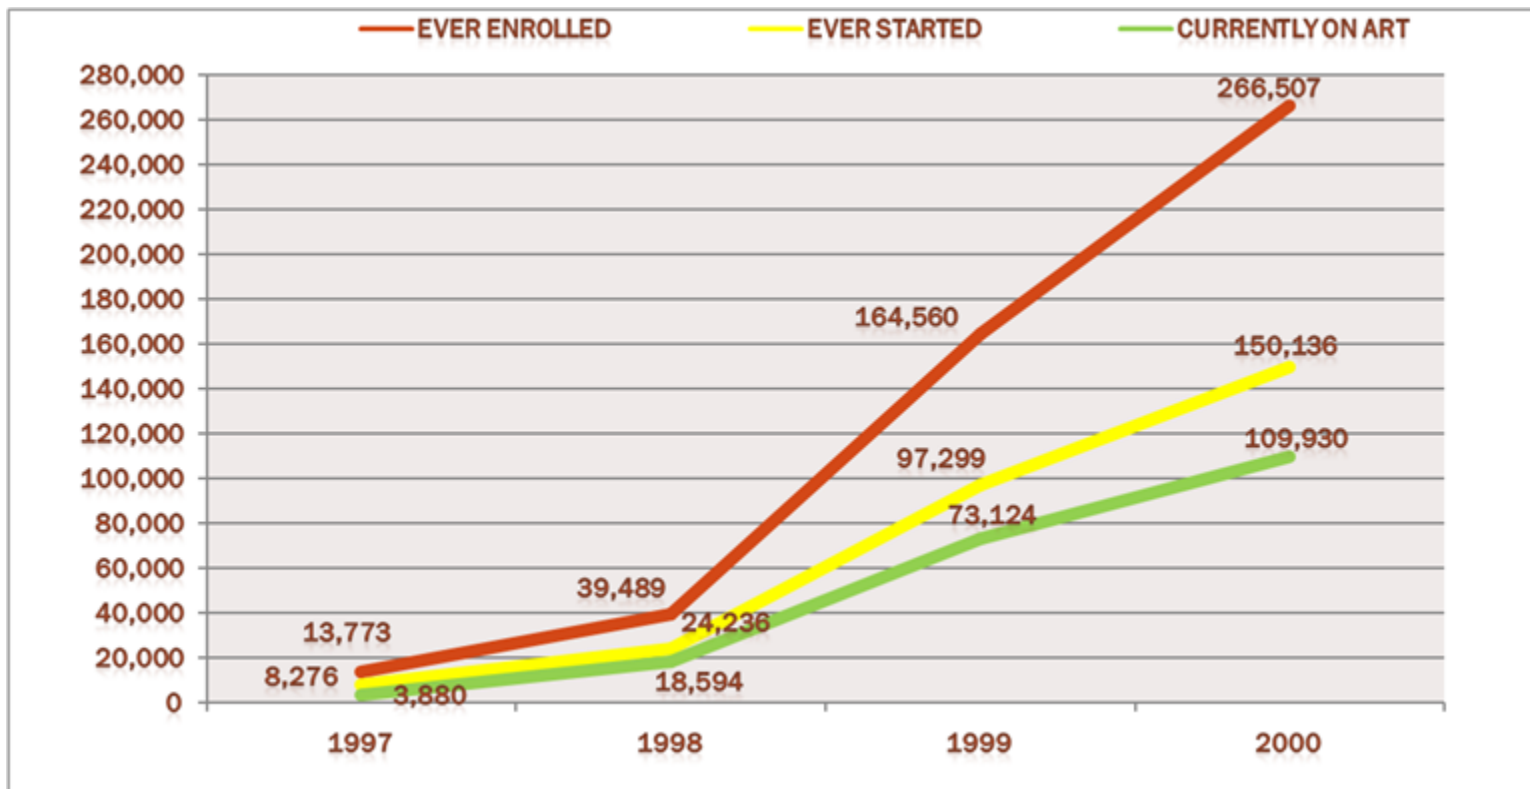

2000	4,559,954
------	-----------

2000 TARGET (ABOVE)	3,175,154
---------------------	-----------

Prevention of Mother to Child Transmission of HIV (PMTCT)

- 75,420 HIV infected pregnant mothers and 14,148 HIV infected births within a year
- Plan for 2000 EFY 15,000 pregnant women
- 4478 mothers received ARVs = 5.9% of those eligible and 30% of the plan
- 25% of infected infants received PMTCT prophylaxis

Trend in Number of PLHA who Accessed Chronic HIV Care and ART

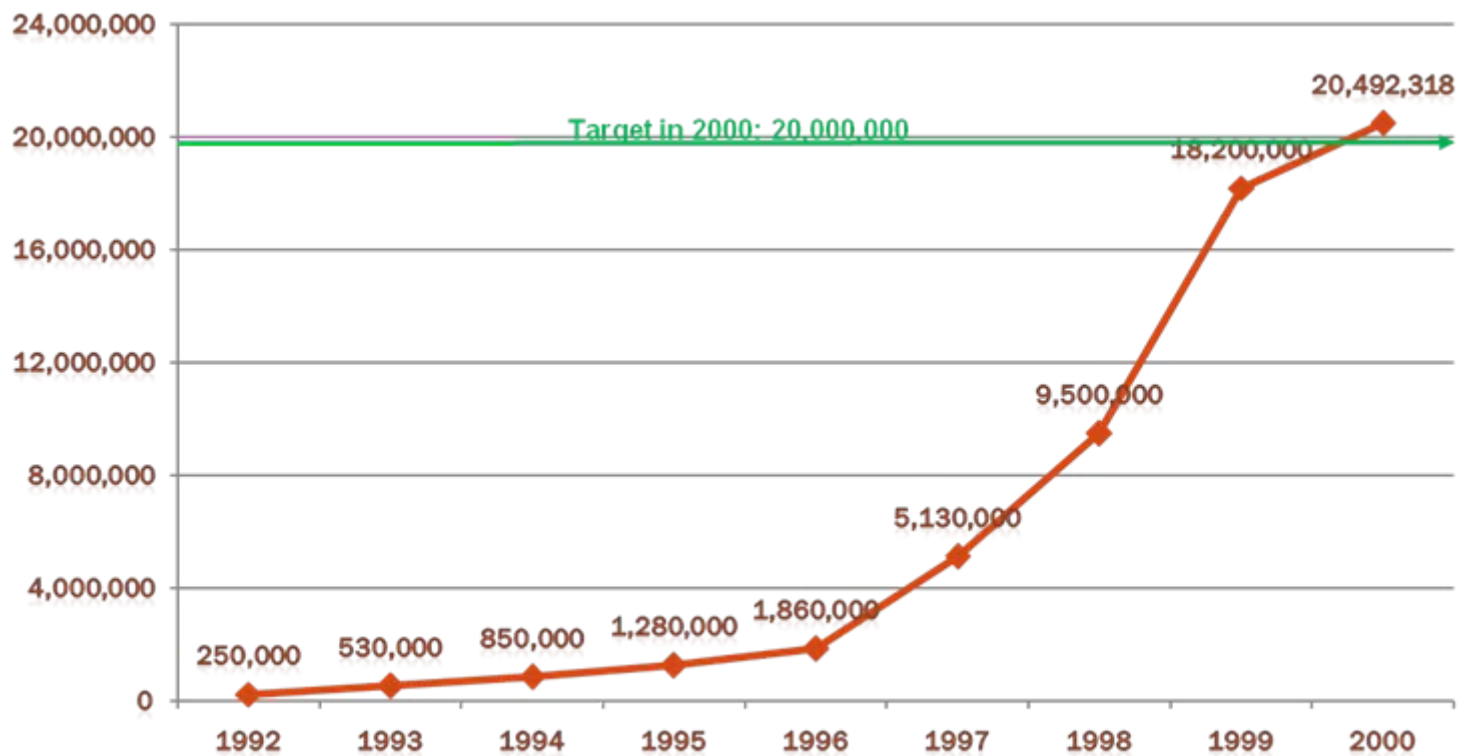

Trend in Number of PLHA who Accessed Chronic HIV Care and ART.

EVER ENROLLED 266,507

EVER STARTED 150,136

CURRENTLY ON ART 109,930

Trend in Number of Insecticide-Treated Nets (ITNs) Distributed

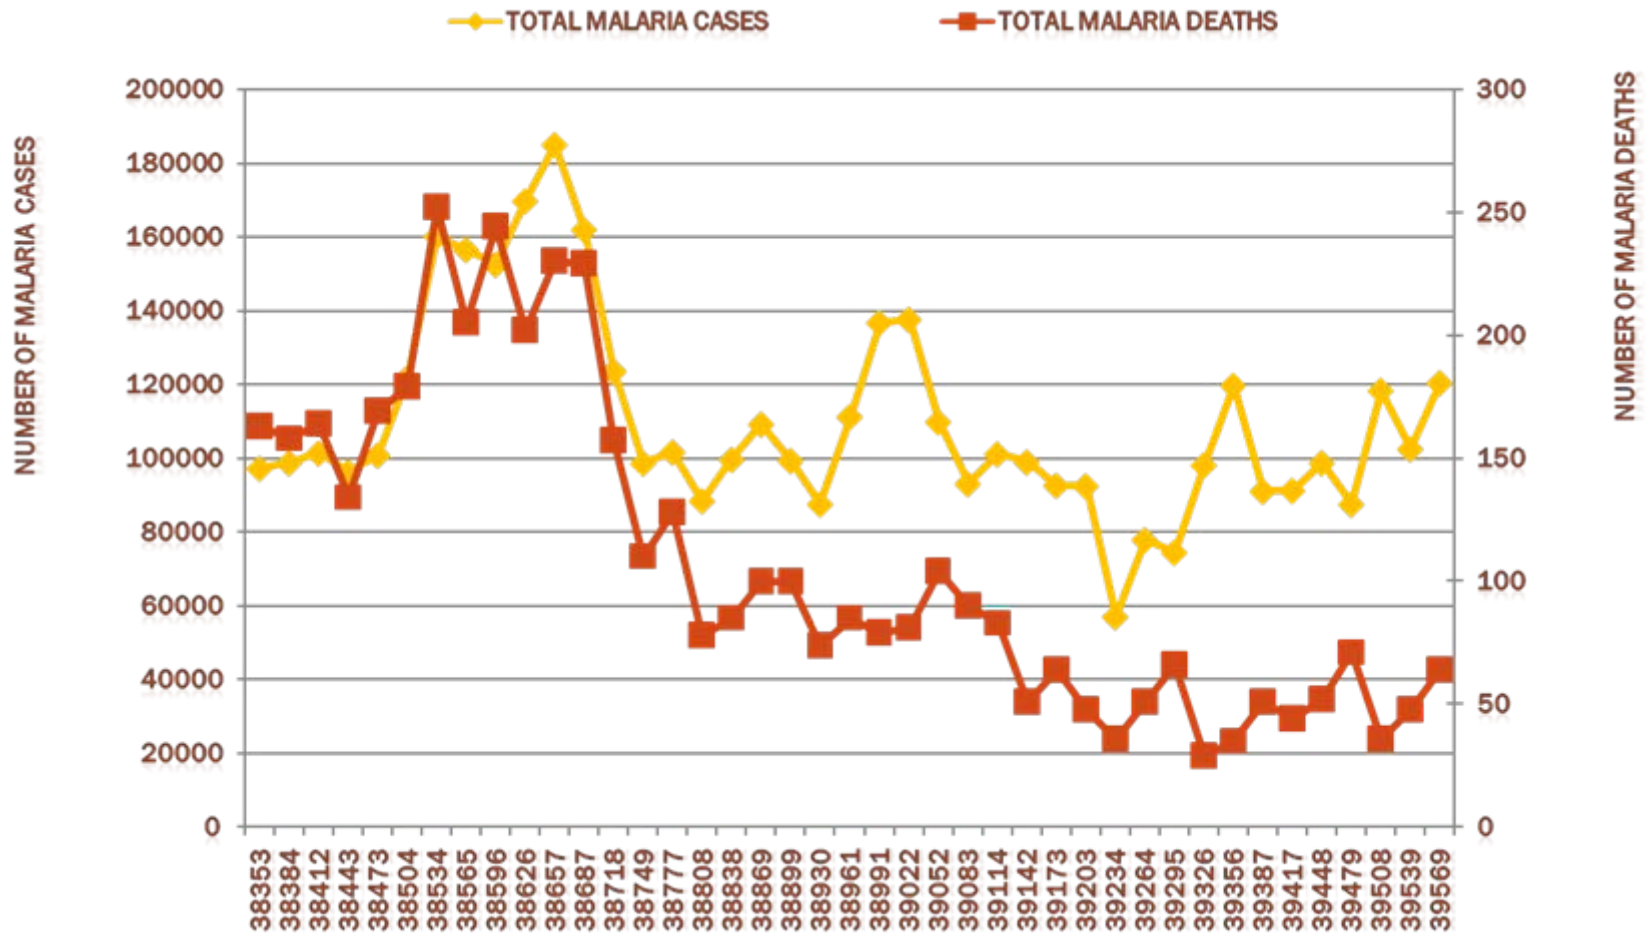

Trend in Number of Insecticide-Treated Nets (ITNs) Distributed

2000 Baseline 18.2 Million

2000 Performance 20.5 Million

2000 Target 20 Million

Trend of Malaria Cases and Deaths (Ethiopia, January 2005 – May 2008)

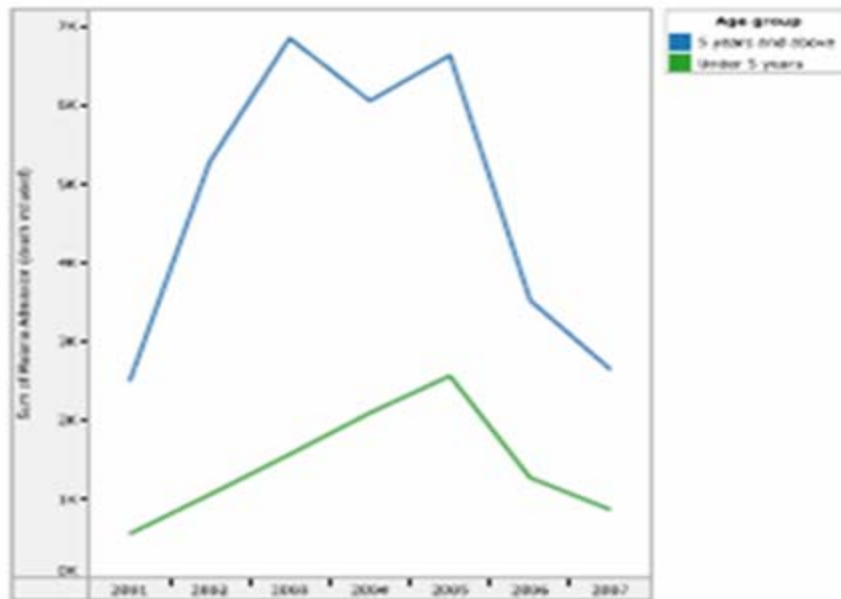

48% reduction in morbidity

54% reduction in hospital admission

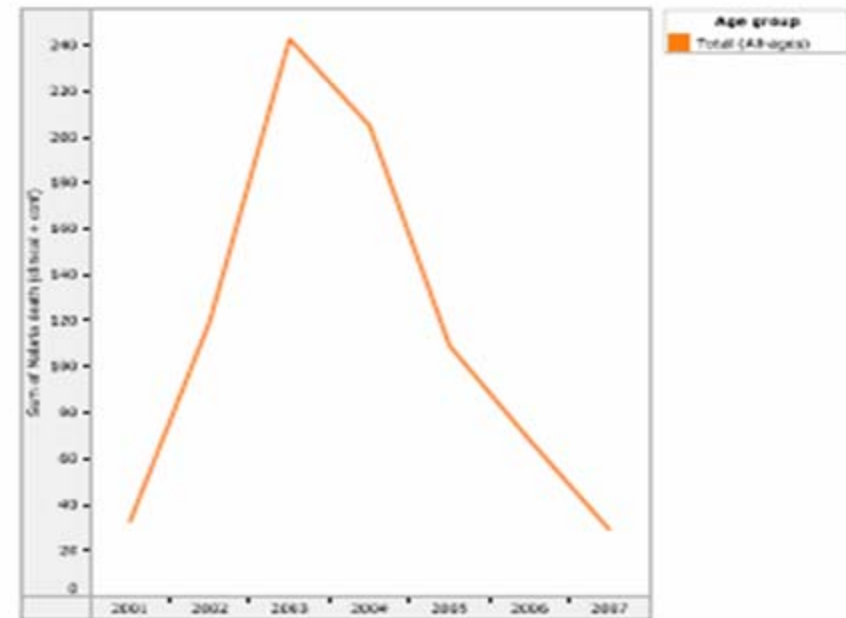

55% reduction in mortality

Malaria admission

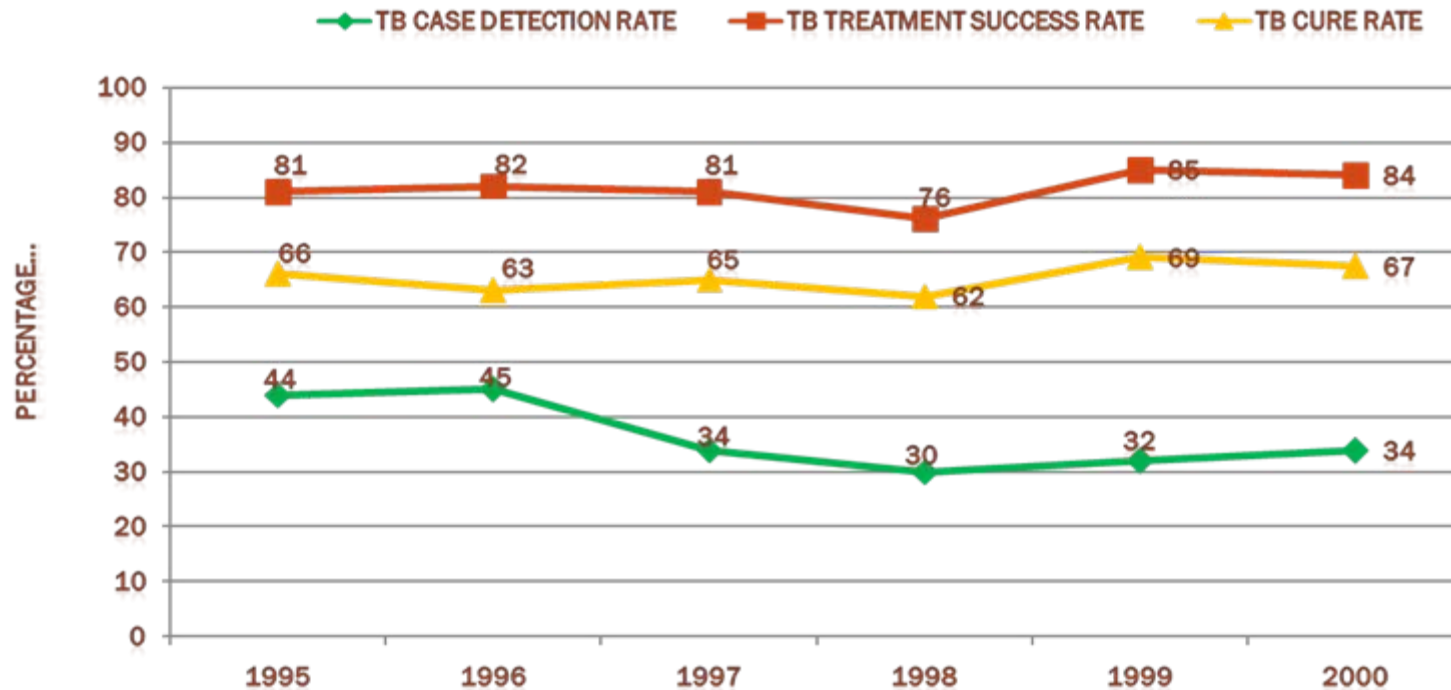

The trend of sum of Malaria Admission (sum of cases) for year G4C. Color shows details about Age group. This data is filtered on Country, which keeps Ethiopia. The view is filtered on Year G4C and Age group. The Year G4C filter keeps 7 members. The Age group filter keeps 5 years and above and under 5 years.

Malaria death

The trend of sum of Malaria death (clinical + conf) for year G4C. Color shows details about Age group. This data is filtered on Country, which keeps Ethiopia. The view is filtered on Year G4C and Age group. The Year G4C filter keeps 7 members. The Age group filter keeps Total (All-ages).

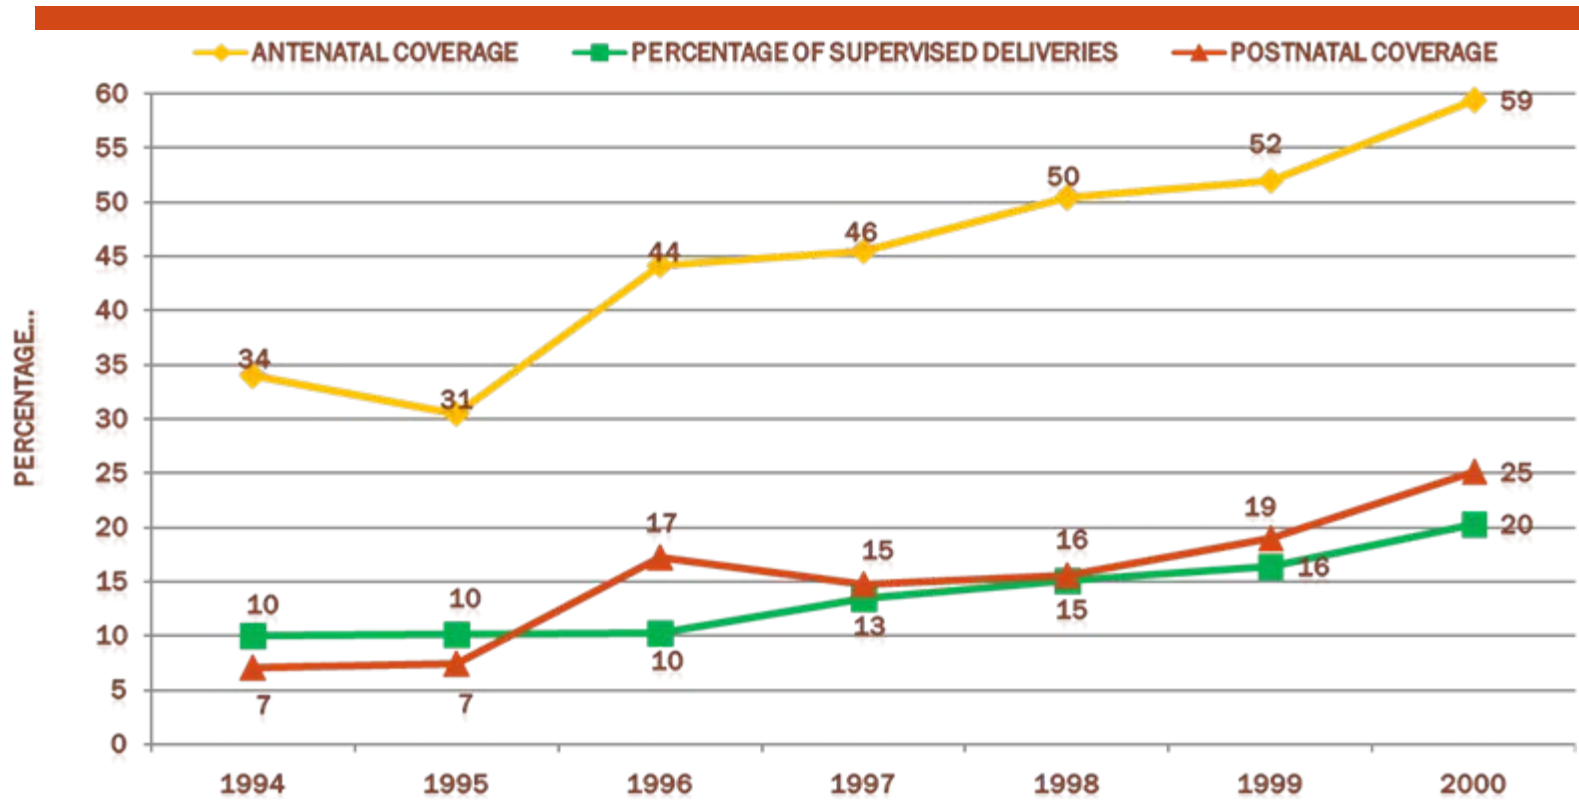

Trends in TB Case Detection, Treatment Success and Cure Rates 1995-2000.

Trend in Number of Insecticide-Treated Nets (ITNs) Distributed

	1999	2000
TB case Detection	32%	34%
TB Treatment Success Rate	85%	84%
TB Cure Rate	69%	67%

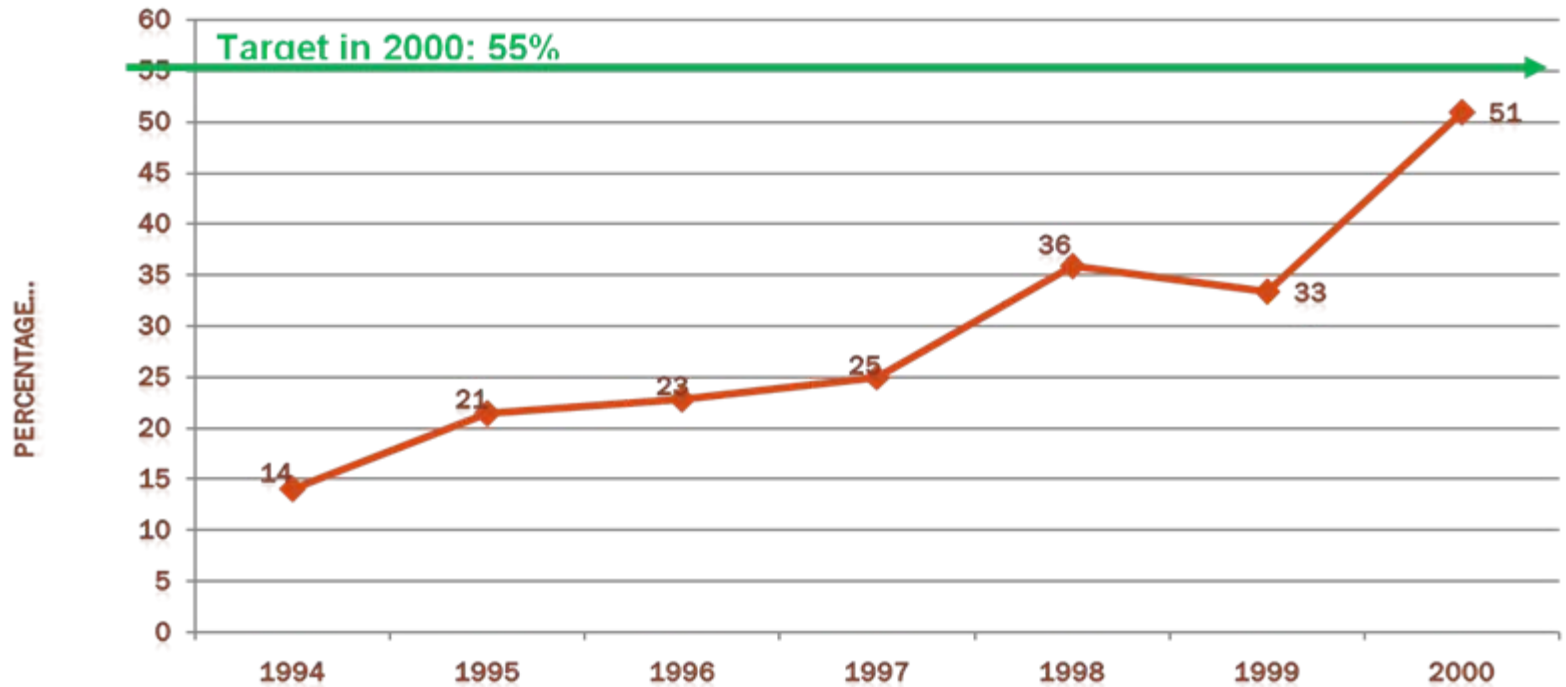

Trend in Antenatal Care, Supervised Delivery and Postnatal Care Coverage

Coverage in 2000

ANC	55%
SD	20%
PNC	25%

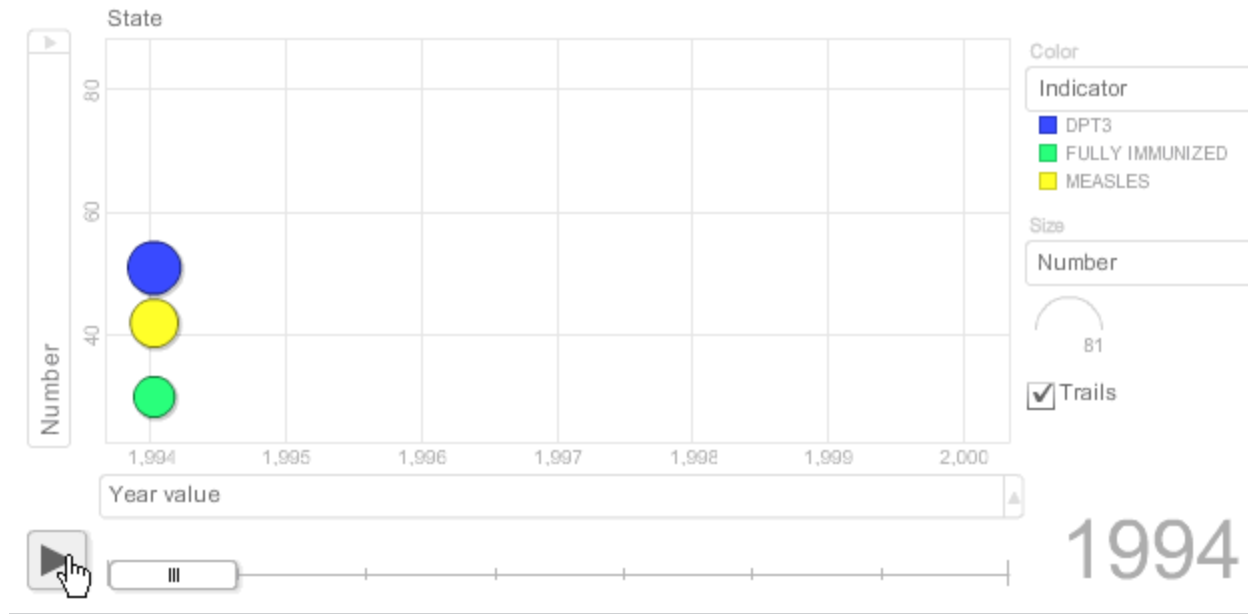

Increasing Trends in Contraceptive Acceptance Rate:

Contraceptive Acceptance Rate in 2000

51% in 2000 (Below Target 55%)

Trends in DPT3/Pentavalent , Measles Immunization and Full Immunization Coverage

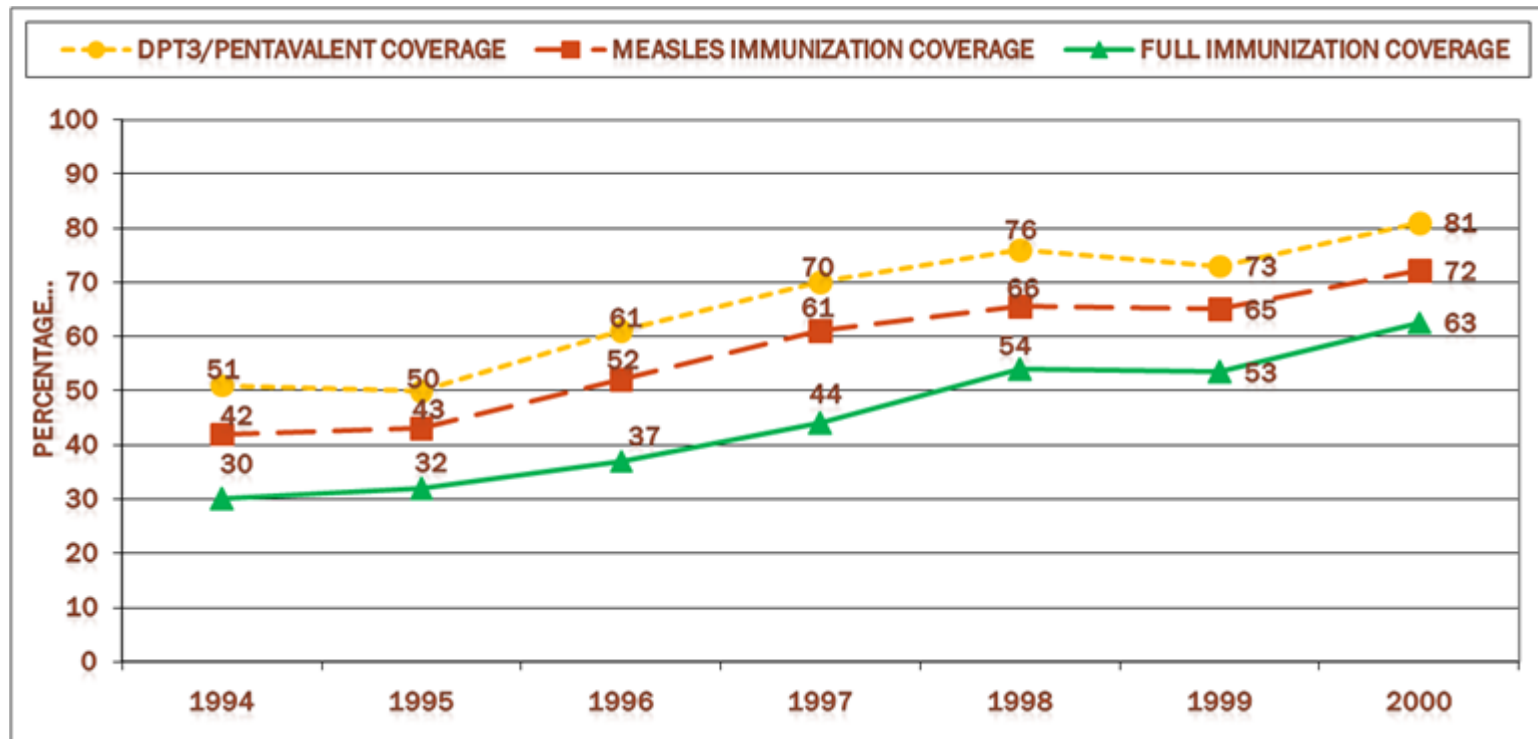

DPT3/Pentavalent , Measles Immunization and Full Immunization Coverage

Pentavalent (Below Target=85% for Pentavalent) 81%

Measles 72%

Full Immunization 63%

Trends in DPT3/Pentavalent , Measles Immunization and Full Immunization Coverage

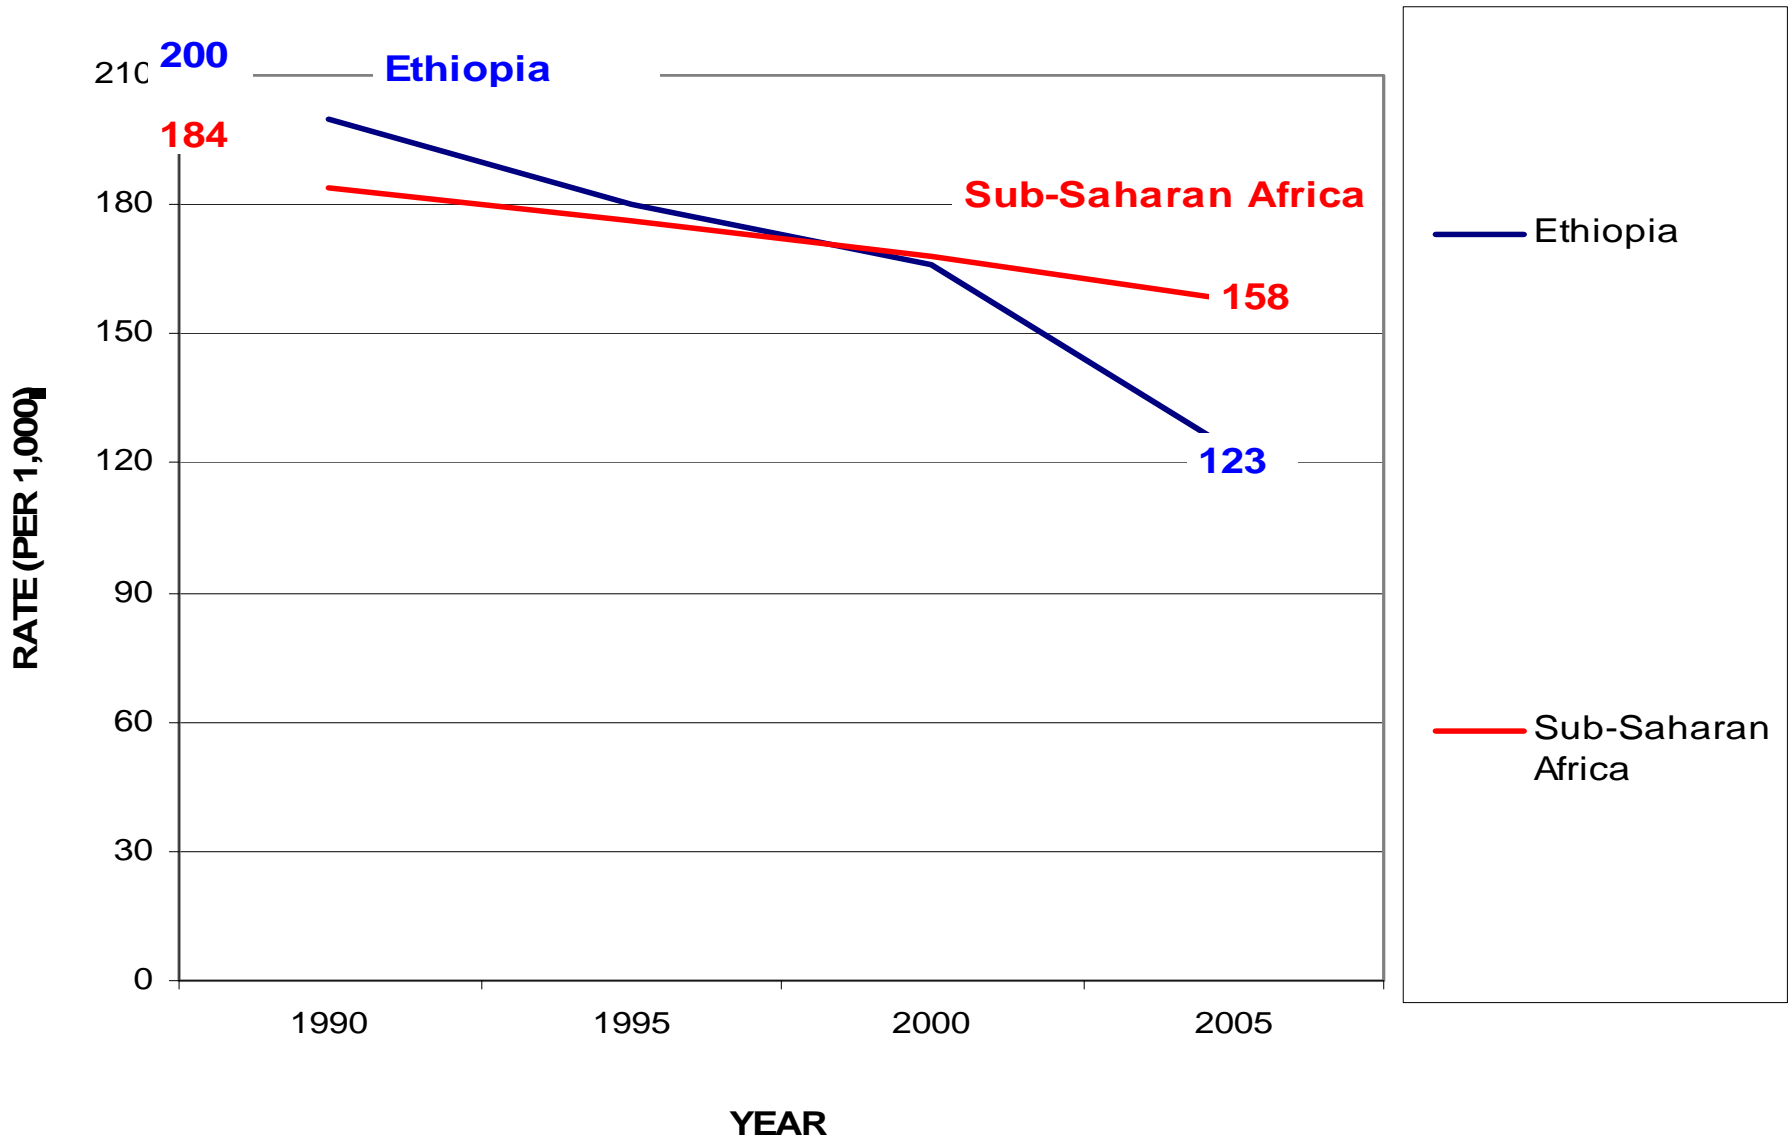

DPT3/Pentavalent , Measles Immunization and Full Immunization Coverage

Pentavalent (Below Target=85% for Pentavalent) 81%

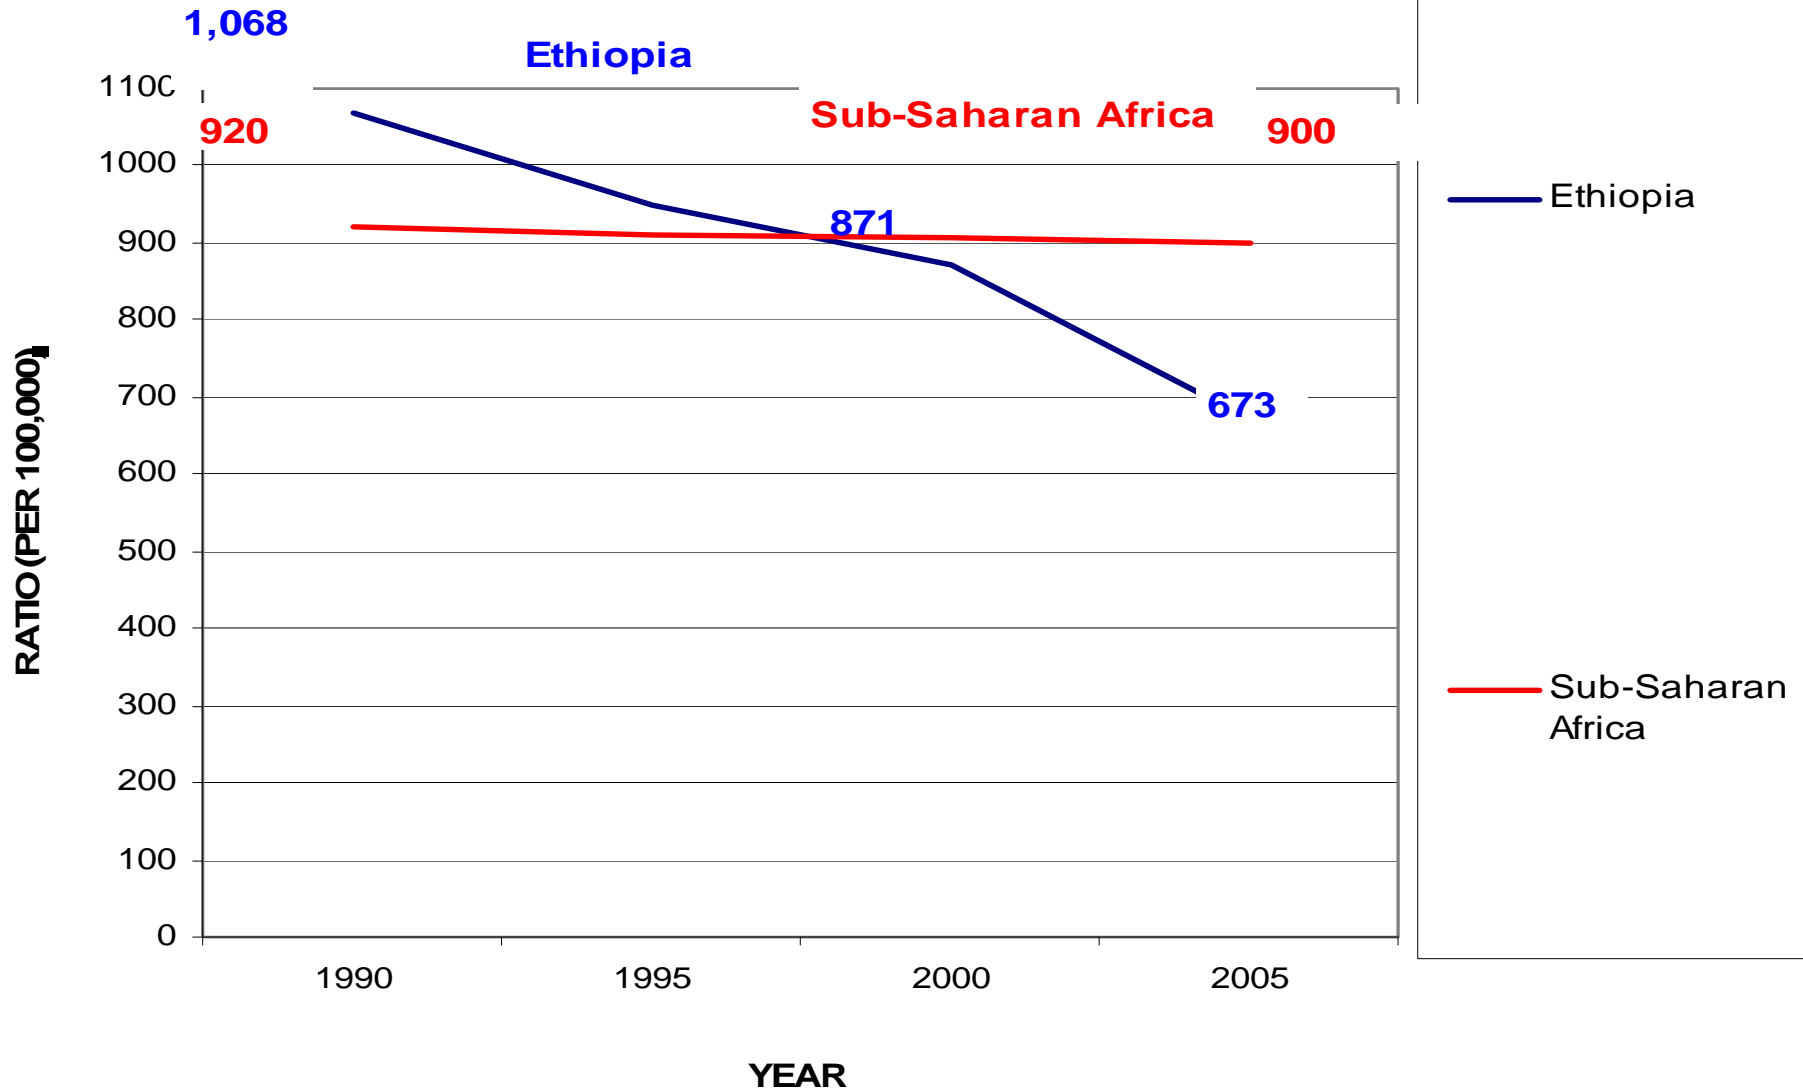

Measles 72%

Full Immunization 63%

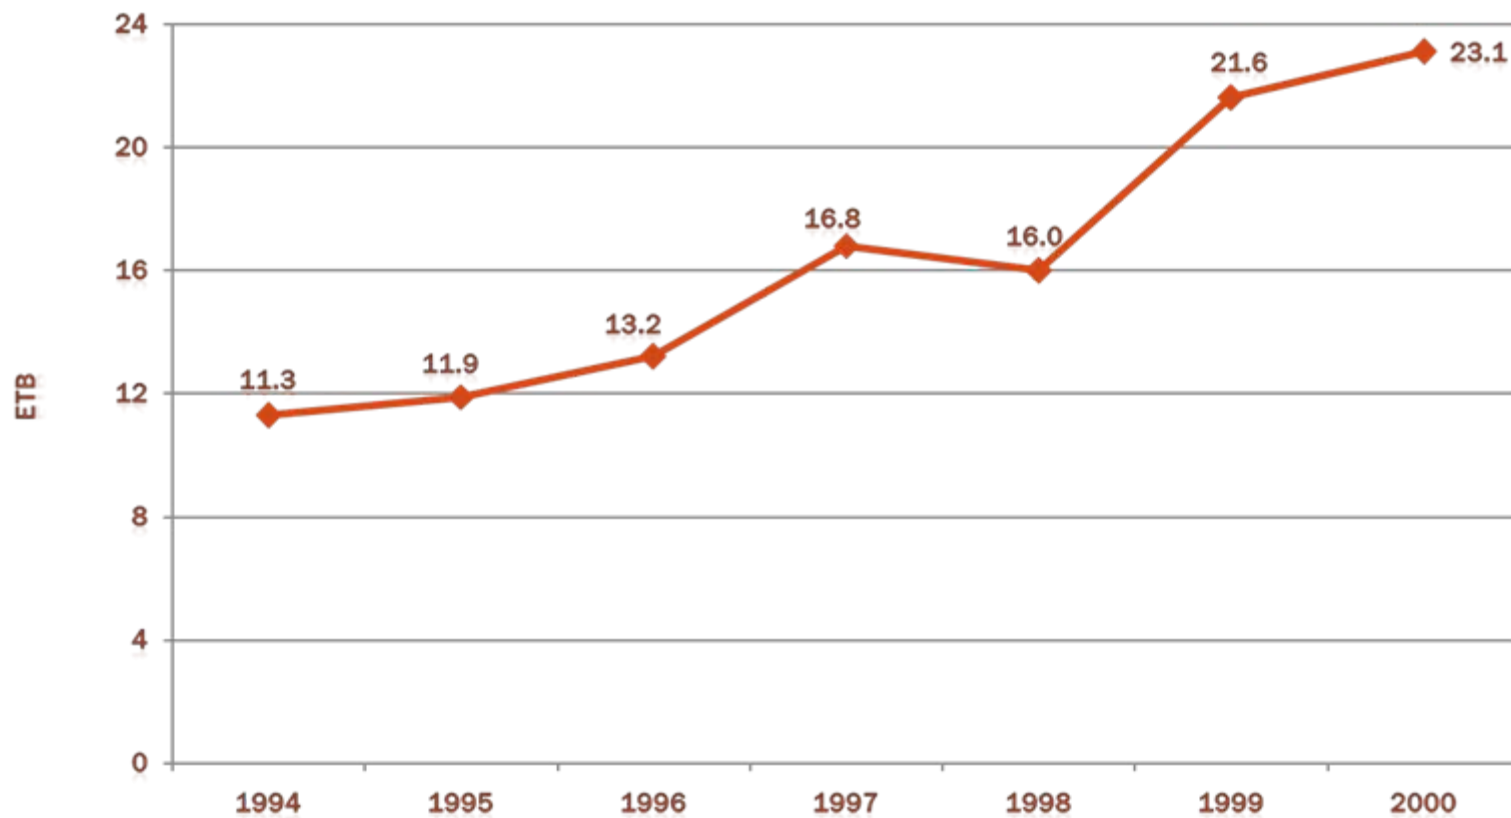

COMPARISON OF TREND IN UNDER 5 MORTALITY RATE (PER 1,000) IN ETHIOPIA AND IN SUB-SAHARAN AFRICA (SSA)

**COMPARISON OF TREND IN MATERNAL MORTALITY RATIO
(PER 100,000 LIVE BIRTHS)
IN ETHIOPIA AND IN SUB-SAHARAN AFRICA**

Upward Trend in Per Capita Expenditure on Health from ETB 11.3 in 1994 to ETB 23.1 in 2000

Thank you
