The Global Aging Forum is a *members only* roundtable where sponsors and select experts from the worlds of business, policy, and government can meet to discuss "global aging." Every month, starting in June of 2004, CSIS will host an informal lunch focused on some aspect of the challenge. There will be a brief presentation by a prominent policy or thought leader followed by an off-the-record discussion. The sessions will focus on real world policy applications and solutions.

CSIS wishes to acknowledge the generous financial support for the Global Aging Forum received from:

The American Benefits Council • The American Council of Life Insurers
