

U.S. Navy's Task Force Climate Change: Applying Science to Assess Climate Security Risk

**Courtney St. John
Task Force Climate Change
February 2011**

U.S. Navy Response

Task Force Climate Change Establishment

Chief of Naval Operations Executive Board
on May 15, 2009

WHEN?

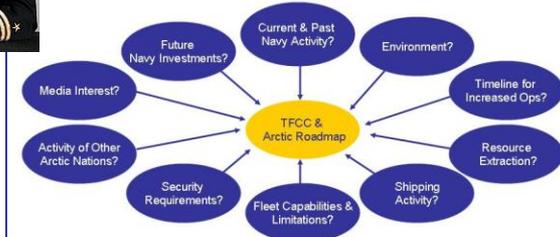

Charter

Global climate change impacts with near term Arctic focus

Arctic exercises & port visits

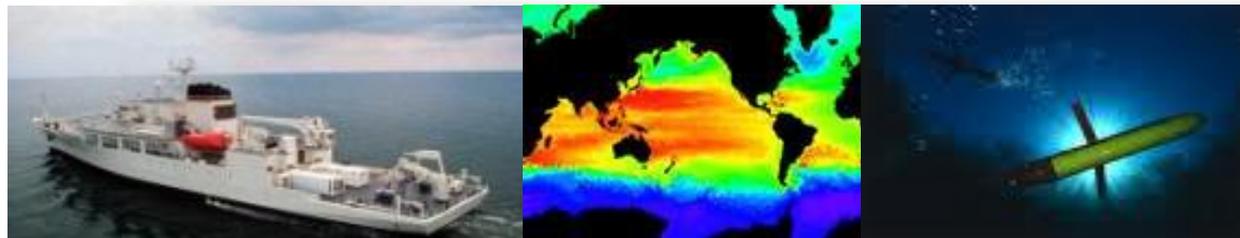

Key Questions
Chief of Naval Operations Executive Board
May 15, 2009

UNCLASSIFIED

6

Environmental observation & prediction

Navy Initiatives

Task Force Climate Change

Observation & Prediction

Adaptation

Next Generation Air-ocean-ice numerical prediction

Cooperative Oceanographic Surveys

Remote sensing

Environmental Impact Assessments

Sea level rise impact modeling

Arctic & Climate Change Roadmaps

Water resource management

Arctic civil relocation & erosion control

Arctic fleet training

Task Force Energy

Energy Efficiency

Alternative Energy

Smart Grid

Net Zero Installations

Metering & Auditing

Incentivized Conservation

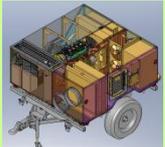

New Construction & Renovation

Training & Awareness

Smart Voyage Planning, & Efficient Aircraft & Ship Systems

Portable Power

Biofuels

Renewable power

Alternative Fuel Vehicles

Technology and Research to Understand, Predict and Adapt to Climate Change

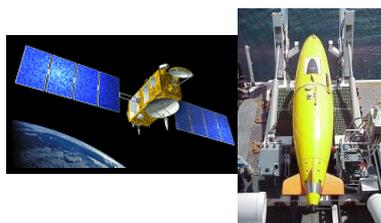

Assure Mobility + Expand Tactical Reach + Lighten the Load = Combat Capability

Reduce the Navy Carbon Footprint

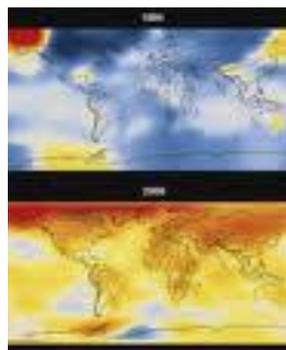

How to Adapt?

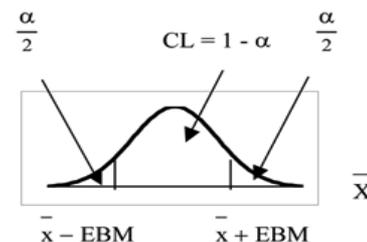

Climate Change Observations

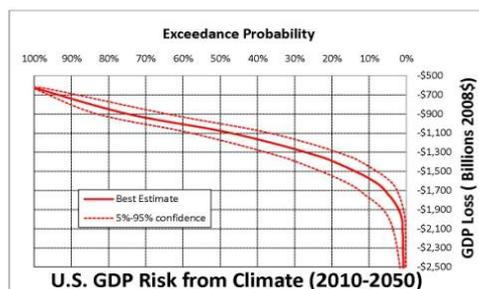

Climate Change Projections

Uncertainty Quantification

Adaptive Management

Risk Assessment

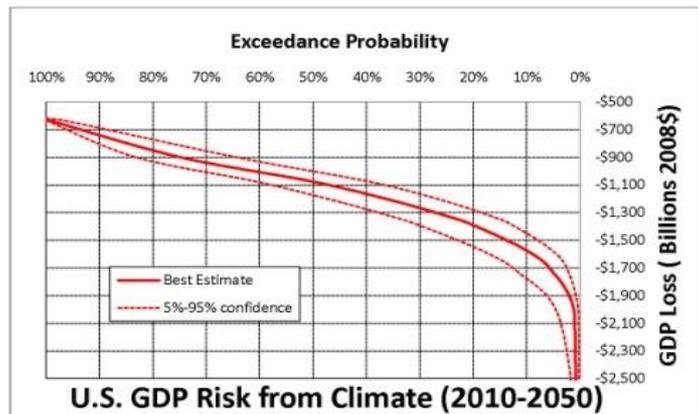

Impact Assessment

Assessing & Managing Climate Security Risk

Impact & Risk Assessments

U.S. Water Resource Example

“Assessing the Risk of Near-term Risk of Climate Uncertainty: Interdependencies Among the U.S. States”
Sandia National Labs, 2010

Maritime Security Concerns

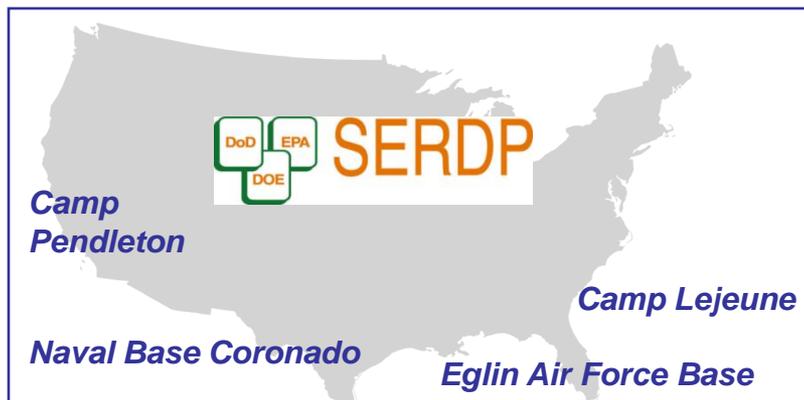

TC Forecasts Sea Level rise GHG Monitoring

Extreme Weather, Floods, Droughts

Arctic

National Security

Enabled & informed by sound science

Navy Adaptation Activity

Education

Naval Post Graduate School Arctic & Climate Change Dissertations

Climate course established at US Naval Academy

Naval War College courses address Arctic & Climate Study Topics

Studies & Assessments

Support to DoD sea level rise studies

Support to Defense Science Board Climate Change Task Force Study for AFRICOM

Naval Studies Board climate change study

Outreach & Engagement

Support Interagency Climate Change Adaptation Task Force

Conferences, Symposia, Media events

Advocate for UNCLOS

Policy, Strategy, & Plans

Support to 2010 QDR

Arctic & Climate Change Roadmaps

Navy Arctic Strategic Objectives

Exploring New Cooperative Partnerships

Operations & Training

Northern Edge 2009

Wargames & Tabletop Exercises

Arctic glider UUV demonstration

Arctic Care 2010

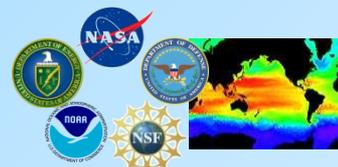

Operation NANOOK

Science & Research

Smart Voyage Planning

Interagency partnership For air-ocean-ice numerical prediction

Science Ice Exercise Plan

Improve understanding

Ensure readiness (resilience)
