

GLOBAL AGING FORUM

The Impact of Demographic Change on Economic Growth and Old-Age Security in Asia

May 31, 2012
Speaker's Biography

Dr. Donghyun PARK is currently Principal Economist at the Economics and Research Department (ERD) of the Asian Development Bank (ADB), which he joined in April 2007. Prior to joining ADB, he was a tenured Associate Professor of Economics at Nanyang Technological University in Singapore. Dr. Park has a Ph.D. in economics from UCLA, and his main research fields are international finance, international trade, and development economics. His research, which has been published extensively in journals and books, focuses on policy-oriented topics relevant for Asia's long-term development, including impact of population aging on Asia's growth, Asian sovereign wealth funds, and Asian pension reform. Dr. Park plays a leading role in the production of Asian Development Outlook, ADB's flagship annual publication.
