

Global Economics Monthly

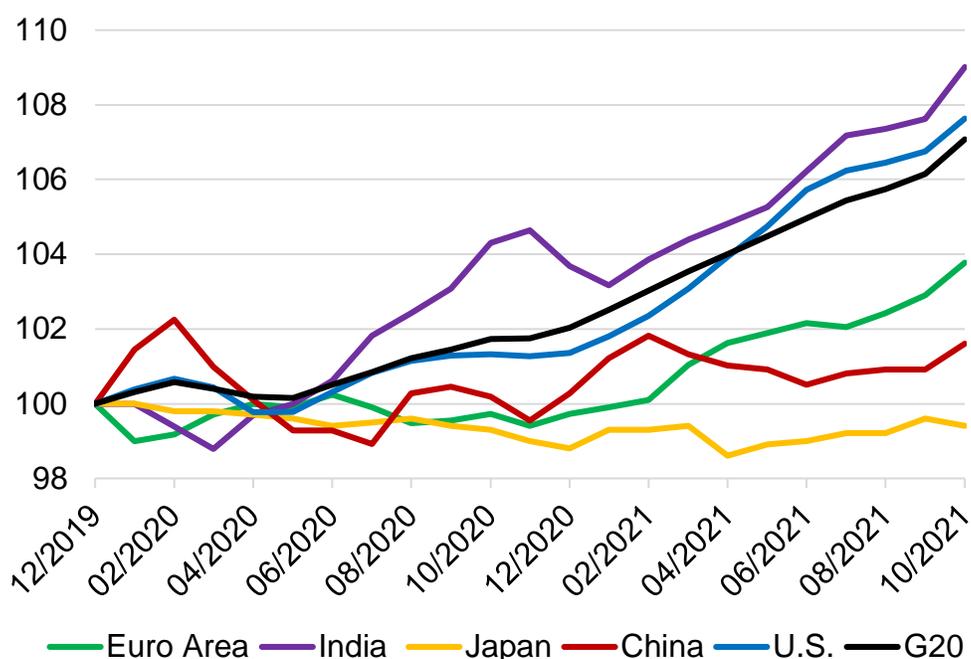

CSIS Economics Program | December 2021

Monthly newsletter focused on what we are doing, saying, and watching

As the end of 2021 draws near, the CSIS Economics Program extends a warm and sincere thank you to our loyal readers, viewers, and supporters. We hope you and your family have a safe and festive holiday season, and a healthy and prosperous 2022.

LATEST FROM CSIS ECONOMICS

Five Things to Watch in 2022

CSIS Economics Program experts Matthew P. Goodman, Gerard DiPippo, Jonathan E. Hillman, and Matthew Reynolds look ahead to the coming year and highlight five issues in international economic affairs they will be tracking in 2022. [Read more.](#)

Perspectives on the Global Economic Order in 2021

A CSIS Economics Program volume of parallel essays on the global economic order by U.S. and Chinese scholars covering a wide range of topics, including trade, investment, finance, and technology. [Read more.](#)

LATEST FROM CSIS RECONNECTING ASIA

Pakistan's Cautionary Tale of Digital Dependence on China

Jonathan E. Hillman, director of the Reconnecting Asia Project and senior fellow with the CSIS Economics Program, argues that Beijing is successfully exploiting the need for connectivity in developing countries in this *Nikkei Asia* opinion editorial. [Read more.](#)

IN THE NEWS

"There is a burden of proof on this administration to deliver an economic strategy that shows our allies and partners that we are committed to long-term economic engagement in the [Indo-Pacific] region. What's been rolled out so far has promise in that regard, but it needs to be fleshed out."

Matthew P. Goodman | [Reuters](#)

"Brussels is trying to differentiate itself from what China has been providing. When it comes to environmental issues, transparency, and sustainability, the EU has a strong and attractive brand that it can leverage."

Jonathan Hillman | [Radio Free Europe](#)
