IN THE NEWS

"The promise of this [Indo-Pacific Economic Framework] initiative is that it will offer some other things that aren't market access."

Matthew P. Goodman | Voice of America

"Given the world that we're in, any increase in prices of commodities, even if that is transitory, even if the Federal Reserve generally tries to look past obvious supply shocks in making its decisions, it adds to the policy conundrum. It puts the White House in a bind."

Gerard DiPippo | Associated Press
